

## Gateway Portal Channeling 04042011

Hello everyone, this is Jim and welcome to the 4/4/2011 Gateway Portal Channeling with Nasrin. Thank you all for being here and offering your service. Your service is needed now by Divine Mother, by Mother Earth, by the Masters and by humankind now more than ever. And we thank you again.

Tonight I am going to give you a very special grid. This is a Grid that Divine Mother has specifically instructed me to give to you. You will be introduced to many new Cosmic Guardian Angels. So please, hold space for the anchoring of these angels as we begin and repeat this meditation and Grid with the angels everyday, as part of your daily routine.

Take a deep breath and relax.

### Grounding Meditation

- Visualize yourself with this entire group entity standing on Uluru.
- Feel your heart beat in sync with the heart beat of Uluru. Now dissolve into Uluru.
- Feel Uluru slide down to the center of the Earth, superimposing itself over the Core Crystal.

See that you are standing in the center of the Earth Core Crystal before the Sacred Altar.

### Importance of Guardian Angels

We are beginning the month of April. April is the month that Divine Mother and the Masters have said is the most important month of 2011. If we achieve what we need to achieve in April, each future month will be that much easier.

Also, those of you who have been with us a while, remember that Metatron was always saying, 2012? 2012 is not our concern, 2011 is. By the time we reach 2012, we, the High Level Initiates should have done our work. **This is our work.** Don't be disheartened when you feel that it's hard.

It is hard because we are reaching to the zenith; we are now conquering the peak. Once we get to the peak, we can plateau and we can sit and we can rest. **But**, before we can rest, we must make sure that we have made a wide enough foot path for ourselves that we can stay there. Stay at the ground we have gained and we are not going to be blown by the wind.

Now, as we begin April, 2011, we need to understand the importance of our Guardian Angels and our Cosmic Guardian Angels.

Right now it is of utmost importance that you are fully aligned with your **Personal Guardian Angel**. Guardian Angels have been taking a back seat for a while but they now have to take a role - and for them to take a role, you need to use your Free Will and you need to align your Free Will with Divine Will - and you need to demand from the Divine Will to bring to you the **Highest Aspect of your Personal Guardian Angel**.

## Invoking our Personal Guardian Angels

Standing at the Center of the Earth, hold your Scepters of Power above your heads. Let us all ask, *"In the name of Divine Mother, in the name of Goddess Gaia, through the intercession of all the Hierarchies, I ask for and invite the highest Aspect of my **Personal Guardian Angel** to come forth. And I ask for the intercession of Goddess of Victory, that I be Victorious in merging with the Highest Aspect of my individual Guardian Angel."* Now, visualize your Personal Guardian Angel appearing and coming to stand in front of you.

Look into its eyes. Feel your connection with this Being. Now, if you choose to, step into your own Personal Guardian Angel. Feel your heart beating in sync with that of your Personal Guardian Angel.

Our next very important step is to build a bridge between your Personal Guardian Angel and your Cosmic Guardian Angel.

## Cosmic Guardian Angel

Bringing our Cosmic Guardian Angel to stand at our side is very important right now because it is time for Cosmic Energies to pour down - for us to be able to stabilize Earth. We need our Guardian Angels for our own personal protection; for our own personal evolution and we need our Cosmic Guardian Angels for each of us awakened souls, to be part of this Cosmic event that is unfolding now. That is unfolding with great consequences across the Planet.

Earth needs to move through a window where the 3<sup>rd</sup> Dimensional Reality is stepped up so that the 3<sup>rd</sup> and 4<sup>th</sup> Dimensional Realities merge into the 5<sup>th</sup> Dimensional Reality.

Divine Mother has said, we are folding up this misery, this corruption, this greed, this deceitfulness; all this is being folded up. And we and all the cosmic Beings are here to make sure it doesn't drag and last another 10 years before it all happens, at least for those of **us** who have earned the merit to see it happen in our lives now.

To do that, we need to first see that 5<sup>th</sup> Dimensional Reality happen - within our own bodies now. We need to have the protection of the Cosmic Guardian Angels so that when the fighting, turmoil and unrest is going on, you don't pick up the energetic dust and debris, and become so impacted that you are slowed down at best or incapacitated at worst.

There are millions of people exposed to revolution. Egypt has 84 million, Libya, 42 million, Tunisia 70 million, Yemen, Bahrain, and Syria. There is stuff happening in Africa, Japan, and England, Add up every young person that is in one form or another, in some war, their family is affected. Population of Iraq is 50- some million, afkanastan - 60 some million, Pakistan, 100 plus, North Korea, add all of these together. People that were misplaced in New Zealand, the effects of the tsunami, earthquakes, and volcanic eruptions. People that are living right now in refugee camps. Add it all up; it's more than 1 Billion.

What does that say? That's 1 in 6. You add up, in the course of the last year, the number of the people that have been affected and it is more than 1 in 6.

**So. Do you really think, as human beings, as far removed as we may be, as you each may be, you audience of 4/4. Do you really think, that if 1 out of 6 people are suffering in ways that are intolerable, that you won't feel the impact.**

**That's why you need your Cosmic Guardian Angels.**

**That is why you need to make changes. That is why you need to be in a position to say, this is not acceptable; I do not need to be helpless in the depths of this and I need to be in a position of helping as many people as it will take for me, for us, to reach critical mass - to pull us and this planet out of this situation.**

**This is why you need to call the Guardian Angels of the Chakra System to clear your Chakras constantly. And remember, those of you that have taken that course, to go back to the text in your course and see that the meditation to apply the Chakra clearing to Earth as well, has been added.**

So, be aware that you are standing before the Sacred Altar at the center of the Core Crystal of Earth. You are merged into the Being of your Personal Guardian Angel.

### **Pillar of Light and Journey to the Throne of Absolute**

Bring down the Pillar of Pure White Light and establish yourself within it. Now see the large Pillar descend that will hold all of us; this Group Entity within it.

Now bring your consciousness to your Crown Chakra and we will spiral and spin up through the Pillar of Pure White Light. We will invite all the Thrones and the Residing Deities of the Thrones to accompany us to the Throne of Divine Mother.

Spiral and spin up through Antahkarana Cord to the Node of Light at your 8<sup>th</sup> Chakra, the Abode of the Soul. Up to your 9<sup>th</sup> Chakras, the Abode of the Oversoul. Here we invite our **33 Members of your own Soul Lineage** to join us. Moving to the 10<sup>th</sup> Chakra we invite our **Monadic Council** to join us. To the 11<sup>th</sup> Chakra, we invite our Cosmic **Council of 12**.

Let us all spin and spiral up to the **Throne of I Am That I Am**. See your Perfected I Am Presence and **Sanat Kumara, the Planetary Logos and Lady Venus**.

Spin and spiral up to the **Throne of YHWH** and see **Christ Maitreya and Lady Quan Yin and the 24 Elders**. We all spin and spiral up to the **Throne of God-Source**. Here with **Lord Melchior and Lady Melchai**, we spin and spiral up through the **Seven Heavens**, being joined by the **Seven Pairs of Celestial Guardians**, to the **Throne of the Maha Elohim**. See **Lord Sananda and Star Astrea** standing by with the 7 Mighty Elohim.

We spiral up to the **Throne of Undifferentiated Source** and see **Melchizedek, the Universal Logos** and his consort **Lady Malak** standing by. We together move up to the **Throne of Paramatman** and spin and spiral up

to the **Thrones of the Lords of Light** to the **Throne of Maha Lord of Light and Maha Lady of Light**. From here up to the **Throne of the Great Divine Director**. We see **Thoth and Lady Veyga** standing by. In the company of all these Great Beings, merged into your personal Guardian Angel, we spin and spiral, together us to the **Throne of Absolute; the Throne of Divine Mother**.

Visualize that you are standing before the altar with the Sacred Flame in front of you and Divine Mother sitting on her Throne beyond. Take a moment and make your offerings to the Fire and set out your personal and global intentions.

### **Standing before Divine Mother**

Now, be aware, you are in your ceremonial robes and you have your Scepter of Power in your hands. Move around the Altar to go to stand before Divine Mother, sitting on her Throne. Standing behind Divine Mother, see Cosmic Mother of the Universe. She is bathing you and Divine Mother in her Vibrant Fuchsia Pink Light. Hold your Scepter above your head and ask for permission for Divine Mother to lead you into the Pool of Creation to bring forth, from the Pool of Creation, your Cosmic Guardian Angel.

### **Pool of Creation**

See Divine Mother take your hand and you float up to stand upon a platform overlooking the Pool of Creation. It looks like the ocean on a perfectly still night. There is a Bright Platinum light glistening off the Pool as if you are looking at the moon reflect off the sea on a still night. Now you and Mother jump into the Pool of Creation. See the bright Platinum colored ionic matter pouring in from the Metatronic Source, filling the Pool around you. The ionic matter is impregnating the Pool of Creation. See the ionic matter swirl around you, illuminating the entire Pool.

Now, as you become accustomed to the Bright Light, see your Cosmic Guardian Angel appear to stand in front of you. Beams of Light of all colors are pouring over you.

Now you, merged with your Personal Guardian Angel, your Cosmic Guardian Angel take Mother's hand and, in an instant, you are once again standing at the Throne of Absolute before Divine Mother, sitting on her Throne.

### **Merging with Cosmic Guardian Angel**

Standing before Divine Mother and Cosmic Mother of the Universe and in the company of all the Great Beings who have accompanied us to Mother's Throne, you and your Personal Guardian Angel merge into your Cosmic Guardian Angel.

Take a deep breath as you embody the Cosmic Guardian Angel. You, merged into your Personal Guardian Angel, are now held in the bosom of your Cosmic Guardian Angel. Become familiar with the energies of these Guardian Angels, surrounding yourself with them at all times.

## Calling Goddess Gaia

Now, standing before the Throne of Divine Mother, we will call to our beloved Goddess Gaia to come forth to stand next to you, to your left. We are calling Goddess Gaia because we want Goddess Gaia to understand that we want to give her love to give her sustenance. We will also call the 5 Cosmic Goddesses, and they too will offer their love, support and sustenance.

Before we set up the 5 Cosmic Goddesses, let us call our beloved Goddess Isis to come and stand to our right. We hold on to Isis's hand with our right hand and hold on to Gaia's hand with our left hand.

**Sacred Magic:** We want to call Isis because she is going to bring the Magic that will help us be pulled out of this situation – with the Sacred Magic.

And I echo Divine Mother's plea to everybody, to take that course of Sacred Magic of the Crystals that is happening this week on the 8<sup>th</sup> thru 10<sup>th</sup>. Take this course and help others. The impact of this course can be very great. Isis will take us to have these crystals re-configured for Earth and Humankind's highest Divine Mission. We need numbers to anchor the energies so that these coming months become easier for each one of us.

Divine Mother recognizes that you are making a sacrifice. But it is that important. Goddess Isis is giving us this Magic that is so vital to help stabilize Earth right now.

## The 5 Cosmic Goddesses Grid of Light

Goddess Gaia is holding your left hand and beaming to you Pure White Light. As you hold her hand, we ask her to call her Angelic Forces to come and form three circles. These Angelic Forces are capable of holding the **Template of the New Earth**. They are emanating Pure White Light.

Goddess Isis is holding your right hand and beaming to you 3 Lights, the Turquoise Light of Transmutation, the Lapis Blue Light of Power and the Red Coral Light of Passion and Compassion. Now, we ask her to call her Angelic Forces to come and form three layers of circles. These 3 layers of Angelic Forces are holding the **Seed of Sacred Magic**. They are emanating the same Lapis, Turquoise and Red Lights as Goddess Isis.

We call forth **Goddess of Victory** to come and stand directly behind you. She towers over you, holding her Scepter and Flame of Victory and beaming Golden Light to you. We ask her to call forth her Angelic Forces to come and form three rings of circles around us. One circle of Angels holds the Flame of Victory, one circle holds the Scepter of Victory and the third circle holds both the Scepter and the Flame.

Now, we call **Goddess of Liberty** to stand in front of us, facing the way we are facing holding her Torch of Liberty to illumine our path. See the beams of Light around Goddess of Liberty's head. Beams of Pewter Light focused into cones all around her head. We ask her to call forth her Angelic Forces of Liberty to form 3 circles around the circles formed by the Forces of Goddess of Victory. The Angelic Forces of the first circle has 9 cones

of Light around their heads, the second circle has 12 cones of Light and the third circle has 18 cones of Light around their heads. Each cone represents a Quality of Liberty.

We call forth **Goddess of Glory** to come and stand in front of you, facing you and back to back with Goddess of Liberty. She pours Golden Yellow Light upon you. We ask her to call forth her Angelic Forces to come and form three rings of circles around the last circle. One circle of Angels holds a Peach and Gold colored Seed of the Feminine. The second circle holds the Emerald and Gold Seed of the Masculine. The third circle holds Divine Mother's Copper Gold Seed of the Pure and Innocence.

We call forth **Lady Veyga, Goddess of Abundance**, to come and stand in front of you and to the right. She bathes you in Emerald Green Light. We ask her to call forth her Angelic Forces to come and form three rings of circles around the last circles. Each one of these Angelic Forces will be charged with the duty of pouring Prosperity and Abundance for those who serve the Light.

We call forth **Cosmic Being Venus, Goddess of Joy**, to come and take her place in front of you and to the left. She is beaming Cobalt Blue Light of Power to you. We ask her to call forth her Angelic Forces to form three more circles around the last. These Forces are charged with the duty to bring Power. Power to the leadership that is in integrity, that when they put forth solutions that are beneficial for the world their voices are not drowned by fear and by darkness. They are all beaming the energy of Empowerment in Cobalt Blue Light.

#### **Intention to replace Free Will with Divine Will**

Be aware you are merged into your Cosmic Guardian Angel and merged into your Personal Guardian Angel, standing before Divine Mother, within this Grid of Light. We are here to set the intention for Divine Will to override Free Will.

#### **Divine Will to Override Free Will**

While everybody says Free Will, Free Will. Free Will is so important. Well, in this instance, it's really not in the best interest of Earth or humankind that any degree of Free Will be applied.

Divine Will has no debris, no corruption, no contamination, whereas Free Will - if it's fully aligned with the Divine Will, then it might as well be Divine Will - and if it is not aligned with Divine Will then it will bring in contamination. Why would we want to bring in contamination? It is Free Will that got us here. It's Free Will, the *"let me do it my way, my way is better than anybody else's,"* that brought us to the division where there is rift, enables corruption, disagreement, anger, fear. Ultimately, we want to let go of Free Will because even the best of Free Will still has contamination. Divine Will does not get engaged with what would look good in the moment or what feels good to this group or that group. Divine Will gets engaged with what's in **integrity**. What is True. What benefits all concerned.

So that's why we want, out of our own Free Will, to align ourselves with the Divine Will, as awakened beings, as the highest illumined High Level Initiates of Light, it's up to us to make decisions and help those who are still asleep. Those who are asleep cannot take us where we want to go. It's our job to take those who are asleep. You very well know - that when an Earthquake is coming and there is a bunch of people who are asleep and those who are awake. It is those that are awake that go and rescue the people that are asleep; it is not the other way around. That analogy applies to earthquakes, as it does in leading people out of darkness; the Darkness of ignorance, the darkness of using their Free Will and thinking they are doing the right thing; the

darkness of saying, *"I don't care, I'm going to die in another 20 years, so let's just have a nuclear plant, who cares, I don't have any children, why should I worry about other people's children."*  
That is darkness - that is true darkness. And there are people in this world who think that way. More than you care to believe exist. They do exist.

So that's why we want to let go of Free Will and why we want to convince Goddess Gaia to fully align herself with the Divine Will.

### **Setting our Intentions**

Now standing in the center of this Grid, before the Throne of Divine Mother, merged into your Personal Guardian and Cosmic Guardian Angels, Hold your Scepter up and with the heart, mind and souls of our entire group entity, let us hold up our Scepter, empowered with our Personal Scepter, Global, Galactic, Universal, and Cosmic Scepters and Scepter of Divine Mother, if you so choose, say,

*"In absolute surrender, we have decided, of our own Free Will, to align ourselves with the Divine Will. Mother Gaia, we are here on your behalf. We are here to support you in achieving your highest Divine Mission. We ask, along with Goddess Gaia and Mother Earth that the consciousness of all souls align their Will with the Divine Will and let go of lower vibrational frequencies and levels of Free Will that harbor fear, negativity, deception or corruption in any form. We ask that the highest possible Ultimate Reality, aligned with the Highest Light of Divine Will, be brought from the heart of the Pool of Creation to be made the Ultimate Reality for Divine Mother, Goddess Gaia, Mother Earth, Humankind and all Masters and Great Cosmic Beings. We give great thanks to Goddess Isis and the Great Cosmic Beings that have come forth with their Angelic Forces for offering to us and to Goddess Gaia, their Love, their Light and total support, their Power, Abundance, Glory, Liberation and Victorious Light to our decree. In the name of Divine Mother and Cosmic Mother of the Universe and in the Name of Light, so it is, it is done, Amen."*

We will pause here for a moment for you to offer your own prayers and intentions. The next voice you hear will be that of our beloved Nasrin.

So it is.
