

Transcription of the Invocation Given During 3/3/2009 Portal Channeling with Nasrin

Welcome everybody, this is Jim Foster. Welcome to the 3/3/09 Portal Day. Make yourselves comfortable, take a deep breath and we will begin.

Place your focus in front of your Cosmic Heart and visualize yourself standing with Sanat Kumara.

We have been asked to give this elaborate **Eleven Layered Grid of Protection, Healing and Divine Plan** because it will do three things; one, you will go through the steps of calling the Angelic Forces of Protection to come to you and to protect you from harm and from all lower vibrational frequencies; two, you are calling upon the Angels of healing to spread their healing Light upon you as you engage in your daily exercises and while you are in dream time at night; and Three, this grid will be an acceleration of the enforcement and the implementation of your Divine Plan. Certain angelic forces will be called whose mission is to help you embody your divine plan. As you embody your divine plan, you become the emissaries of the Masters; you become the emissaries of the Light on earth. As such you will be able to then be the embodiment of peace on earth, the embodiment of Truth on earth, the embodiment of Light on earth and the embodiment of Oneness on earth.

This is why this Eleven Layered Grid of Protection, Healing and Divine Light is so very important. And eleven is the auspicious number dedicated to Lord Shiva. So when you set out an 11 layered grid, you will begin it by calling upon Lord Shiva to be the protector of all who are called (human and Master, as well as Angels) and the destroyer of all karma and karmic entanglements, as well as all the obstacles, from your path.

So begin by taking a deep breath and visualizing that you are standing with Sanat Kumara. The presence of Sanat Kumara, the Planetary Logos, will give you greater grounding and connection with earth as well as the Masters. Sanat Kumara holds the consciousness of earth within his own consciousness. The body of earth is the body of Sanat Kumara. The consciousness of all souls is the consciousness of Sanat Kumara. The presence of Sanat Kumara is over lighting the planet and all souls. When the planet and all souls become fully aware of the presence of Sanat Kumara, they will be able to experience the presence of Sanat Kumara physically. Until then, as emissaries of Light, you will help to bring the presence of Sanat Kumara, ethereally, back to earth and help to raise the vibrational frequency of earth to a greater Quotient of Light. Until such time that human beings can feel the presence of Sanat Kumara and see his physical presence on earth; and at that point you will know that you have been successful in your

endeavor as the embodiment of your Divine Mission and the Divine Mission that Sanat Kumara has come to play on earth.

I now call forth the Archangels of the Four Directions. Visualize yourself standing in the center with the Archangels of the Four Directions standing around you. Archangel Uriel stands in the North, beaming Yellow Light to you, Archangel Raphael in the East, beaming Pink Light to you, Archangel Michael in the South, beaming Aquamarine Blue Light to you and Archangel Gabriel in the west, beaming Emerald Green Light to you.

In a circle around this formation, standing shoulder to shoulder, are the Legions of Uriel beaming Golden Yellow Light to the center. Standing around this circle are the Legions of Raphael beaming Golden Pink Light for healing to everyone in the circle. Standing around them are the Legions of Michael holding their swords of Mercy above their heads protecting everyone in the circle from all harm and all lower vibrational frequencies, beaming Aquamarine Blue Light to you. Around these Legions stand the Legions of Gabriel beaming Copper Gold Light to you. The healing Light of Divine Mother.

Now visualize another circle of Angelic Forces. Standing shoulder to shoulder are the Legions of Yahoweh-El. They are beaming Platinum Light to everyone in the center.

Around these, the Legions of the Angelic Forces of Pure White Light stand with their Scepters of Power above their heads and beaming Pure White Light to you. The significance of the scepter of power is that it is a tool that magnifies intentions. As the Angelic Forces of Pure White Light hold their Scepters of Power above their head, which signifies the setting of intention to empower you to become the embodiment of your Divine Mission. We ask the Angelic Forces of Pure White Light to hold their Scepters of Power above their head and to invoke the Pure White Light to illumine your path that you may become the full embodiment of your Divine Mission and the emissaries of the Light which will save this planet and all souls and raise the vibration of this planet and the consciousness of all souls to a higher Quotient of Light where reaching to Oneness and experiencing God-Unity is possible. Visualize the members of the Angelic Forces of Pure White Light. Their scepters are charged with the Blueprint of your Divine Mission and the collective Divine Mission which all the Masters and beings of Light are here to serve, on behalf of Light, for the benefit of all souls and the raising of the Quotient of Light for earth.

Around the Legions of the Angelic Forces of Pure White Light, I now call the presence of the Seven Lords of Light and the Maha Lord of Light and their Legions. I ask that they too will hold their Scepters of Power above their heads and stand harmoniously with you and all the Angelic Forces present to call forth the Presence of Light and the Guardianship of Light to take the reign of earth and the hearts of all

humankind. The Scepters of Power are held high as a gesture of the union between the Lords of Light and their emissaries, embodied in you, overlit by them, we stand in the presence of the Lords of Light and their Legions of Light.

I now call forth the Seven Mighty Elohim, the architects of this universe and their consorts. They stand, one male next to one female, around the circle with their Scepters of Power above their head invoking the Highest Light that is instrumental for building the fabric of time and space which you experience every moment of living. The Scepters are held above their heads and the Highest Light is woven into the fabric of time and space. The reality which you experience is called from the best among all alternate realities and shall unfold from this moment on, before you individually, before you as a species and before you as a planetary body. The male and female aspects of the Elohim, architects of this universe, have been called to hold their Scepters of Power above their head and form a circle around you, outside the circle of the Lords of Light.

I now call forth members of the Legions of the Celestial Guardians to stand in a circle shoulder to shoulder around the others, forming the circle that finalizes all the others. They hold their Scepters of Power above their heads illuminating every circle before them. Illuminating your path and translating the Higher Light to be recalibrated and embodied by you from this moment on.

We now call forth the Great Silent Watcher to send from her heart the Turquoise Blue Bubble to surround this entire grid formation. This Bubble will transmute all negativity and hold within it the Higher Light that is illuminated to you from all the beings who are standing around the circle to bid you love, to offer you Light and to bring you protection.

Around the Bubble of Light, I call forth the Angelic Forces of Violet Ray and Violet Flame to stand around the circle, shoulder to shoulder. A female member of the Angelic Forces of Violet Ray standing next to a male member of the Angelic Forces of the Violet Flame. In this way the circle is illuminated by the energies of the Masculine and Feminine aspects as Violet Flame and Violet Ray. St. Germain and Lady Quan Yin, as the keepers of the Violet Flame and Violet Ray are invoked to stand in the position of 12 o'clock and 6 o'clock around the circle. Visualize this final circle of Light fully illuminated with Deep, Dark, Purple, Magenta Light fully encircling all the members of this Grid of Light that have been called forth, covering the Turquoise Blue Bubble inside of a Purple Magenta Sphere.

Visualize that the Sphere is spinning. It is spinning all around you. The qualities of the Violet Flame and Violet Ray are that they transmute all lower vibrational frequencies and all negative energies. Creating the sphere around you that is spinning at all times, accelerates the process of transmutation and removes

karma and karmic entanglement from your path, releasing all obstacles, paving your path to become smooth and easy to cross. This last layer of protection is of great importance. By setting this last layer of protection around you, not only will you help yourself and every member that you have called to stand in this Grid of Light, but also you will be instrumental in clearing and cleansing the Five Elements. As you walk in your daily life, from day to day, the spin of this Sphere of Violet Flame and Violet Ray will clear and cleanse the Five elements. It will release the dross from the planet and unburden the planet. If the planet is in Harmony, she will not have to cleanse herself with volcanoes and earthquakes. Violet Ray and Violet Flame of transmutation can help you clear the disharmony and free yourself from conflict.

Use this multi- Layer Grid of Protection, Healing and embodiment of your Divine Plan to empower yourself to be the Light that you are meant to be and to be the force which will illumine this earth and change the course of events to experience Light, Love, peace, harmony and Unity.

We will now call forth the **Blue Mantle of Peace and Protection from Metatron.**

Visualize yourself standing before Metatron while Metatron towers over you. Visualize yourself completely over-lighted by the energies of Metatron and see a Cobalt Blue Light emanating from all of Metatron's beingness to all of your own beingness. Visualize yourself receiving it together with everyone who participates in this healing work. We create an entity which has its own group Light and group Willpower. As we build more Light with each day and as you walk with Sanat Kumara, the healing will become greater, the Light will shine brighter, the illumination of your energy will reach further and farther to all people, places and things. Repeat this exercise as many times as you can, preferably in the morning and at night. Remember that you have a new friend, if you have not already connected with Metatron. Remember that Metatron is your parent, your father, your mother, your lover, your friend. He can be all of those. He can be your best friend and he can be your sibling and can even be your playmate. Whenever your heart is heavy, call upon Metatron and visualize that Metatron is wrapping you in a Mantle of Blue Light, the Mantle of Peace and Protection. Now visualize this mantle all around you. Feel warmth and peace come upon you and breathe deeply and sit bathing in the Blue Light.

We will now call forth the **Golden Cocoon of Protection from Divine Mother.**

Visualize yourself standing before Divine Mother. She will lift up her arms and point the palms of her hands at your body. From her heart and from the palms of her hands, Golden Light begins to pour out to you. This Golden Light forms a cocoon of Divine loving protection of the Feminine Light of Divine Mother around you. Carry the essence of Divine Mother with you everywhere by repeating this visualization every morning before you begin your day and every night as you end your day.

Take a deep breath and bathe in the energies of Sanat Kumara, Metatron and Divine Mother.
