

# Gateway Portal Day Channeling

---

**01/11/2010**

Hello everyone, this is Jim and welcome to the 1/11/10 Group Channeling event with Nasrin. It is great to be with you once again. I hope everyone had a great holiday season and that you are ready for 2010.

2009 was a special year because, numerologically, it was an 11 year ( $2 + 0 + 0 + 9 = 11$ ). 11 is Lord Shiva, a strong Masculine energy, while 9 is an odd number which carries the Feminine Energy. In Feminine years (odd numbered years) the energy is introspective and spiritual. So 2009 had a balance of Male and Female energies.

**2010** has a similar balance. Numerologically, 2010 is a 3 which is the energy of Divine Mother, the Creative Force but 10 is an even number which carries the Masculine energy. So, 2010 also has a balance of Masculine and Feminine. In this year the Masculine Energy will hold focus for great accomplishments and to get things done in the mundane, while Divine Mother guides and guards us with the Feminine Creative Force. Divine Mother will be prominent in this coming year and working with the all Aspects of the Divine Feminine will be very important for all of us.

## **Important Energy Portals are Open**

I want to bring to your attention that there are two portals that are being opened around this time and both have to do with the Atlantian and Sirian Energies. There is a Portal open now which opened on the 27<sup>th</sup> of December and will last until the 27<sup>th</sup> of January. Within that Portal another Portal opened on the 9<sup>th</sup> of January and closes on the 19<sup>th</sup> of January. Be aware that you are under these influences as headaches, stiffness in the neck, achy joints and a general worn out feelings may occur. Be gentle with yourself as we pass through these energies.

Tonight we will begin with the grounding mediation and then set up a Grid of Light that is somewhat more complex than we are used to even though many elements which we are familiar with are part of this Grid. This Grid was specifically given by Metatron for us to use as we move into and throughout 2010. Be aware that this Grid contains 5 Layers that relate to our 5 Body System. More detail will be given as we set up the Grid.

## **Grounding Meditation**

If possible, sit or stand with both feet flat on the ground or floor. Visualize your Earth Crust Chakra, which is approximately 10 to 12 inches below your feet. Now visualize the core of

Mother Earth, the Core Crystal, shining a Brilliant Yellow Gold color. See the Golden Yellow Earth Core Energy extend up through a Pillar of Light to your Earth Crust Chakra. Also visualize the Bright Red Life Force Energy of Mother Earth all around the Pillar of Golden Yellow Light.

Bring the Red Life Force Energy to mix with the Golden Yellow Energy of the Core Crystal. The mixing of the energies produces an Amber colored Light. Pull this Amber colored Light up to your Earth Crust Chakra. As the energy fills this chakra to overflowing, pull the energy up your left foot and your right foot, into your legs and up to your hips. Fill your Root Chakra and your hips with this energy. Now, move the energy down your opposite legs, the energy that came up the right leg goes down the left leg and vice versa. See the energy drain down both legs, through the feet to your Earth Crust Chakra and all the way back to the core.

See the energy begin to move in an unbroken stream, up your left leg, into your hips and Root Chakra and drain back to the Earth Crust Chakra and down to the earth's core. See a continuous loop without any gaps. Simultaneously, see the same is happening up your right leg, into your Root Chakra and hips, down your left leg to the Earth Crust Chakra and then down to Earth's core in a continuous cycle.

The object of the exercise is to have two streams of Amber Light continually moving through your Root Chakra and hips, moving in both directions at once, keeping you grounded and your Root Chakra clear with an ever replenishing flow from Mother Earth.

### **Metatron's Grid of Light for 2010**

This will be the Grid of Light that the Masters have requested we use throughout 2010. Every morning when you wake up and every night before you fall asleep, set up this Grid of Light around you.

Finally we invite the **Great Silent Watcher**, the Great Cosmic Being who holds the design for this entire Solar System in her consciousness, to send from her heart, the Turquoise Bubble of Light to surround and seal this entire Grid of Light.

Be aware that you are standing in the center of this magnificent Grid of Light. Breathe and bathe in the energies.

### **Creating the Pillar of Light**

Visualize that a Pillar of Light is forming around you. It extends from the heavens above to the core of the earth holding you and your energy bodies within it.
