Prayer

Metatron has given the following prayer to recite now and whenever you can during the month of May.

“I call forth and ask for the intercession of Mother Mary, Quan Yin and Lord Buddha in this month of May to shower the Golden Pink Light of Divine Love, the Pure White Light of Purity and Innocence, the Dusty Pink Light of compassion and non-violence to clear and cleanse all unnecessary and redundant mechanisms that have been set as survival mechanisms into my DNA structure and to remove all scar tissue, trauma, pain and struggle.”
