June 6, 2010

### **Introduction, Meditations and Invocations**

**Welcome by Jim Foster**

#### **Grid of Light Formation with Goddess of Liberty and Goddess of Victory**

Visualize yourself standing in the center of a Grid of Light.

- Standing in the direction of north and facing you, is Archangel Uriel and his Legions. They are sending you Bright Yellow Light.
- Standing in the direction of east is Archangel Raphael and his Legions. They are sending you Pink Light.
- Standing in the direction of south is Archangel Michael and his Legions. They are sending you Aquamarine Blue Light.
- Standing in the direction of west is Archangel Gabriel and his Legions. They are sending you Emerald Green Light.
- Beyond Uriel in the north, stands Goddess Lakshmi. Standing beyond Raphael, in the east is Goddess Saraswati. Beyond Michael in the south, is Goddess Durga and beyond Gabriel in the west, is Goddess Kali.
- Around us, we invite 5 Goddesses to form a 5 Pointed Star formation. Goddess Hecate in the north, Mother Mary in the northeast, Goddess Isis in the southeast, Goddess Pele in the southwest and Goddess Quan Yin in the northeast.
- We now invite Goddess Liberty to take her position to the far north with her Legions, all holding their torches of Liberty above their heads. We also ask Goddess of Victory to stand behind us to the south with her Legions, all holding their Scepters of Victory above their heads.

#### **Goddesses Liberty & Victory**

**Goddess of Liberty** is a Great Cosmic Being of Light. She has been involved in all matters of Liberty, Equality and Freedom for over 250,000 years on Earth and within our Solar System, Galaxy and Universe. Her specific intention is the spreading of democracy and liberation of all souls from bondage, including freedom from the wheel of Karma.

As the Deity for the Quality of Liberty, she has served for many millennia in many civilizations of Earth and has been able to gain momentum in spreading the Light of Liberty upon all souls in various times in the history of Earth and other planets. She holds her Torch of Liberty above her head to illuminate the path for all whom she offers her protection and the Light of Liberty.

**Goddess of Victory** is another Great Cosmic Being of Light. She has been victorious in all her endeavors for over 500,000 years. This means that she has kept her position as the residing Deity for the Quality of Victory for that length of time. We already know that it takes time to gain momentum in any new event or endeavor and when momentum is gained, it is easy to build on that momentum and accelerate in the desired direction. Now, you can imagine how powerful Goddess of Victory must be if every endeavor she has put her heart into has become victorious for a half a million years. She has promised that whomever calls upon her, in selflessness and for the good of all, and seeks her council and intercession will receive of her Blessings, Might, Power, Momentum and most importantly, of her ability to be VICTORIOUS.

### **The Significance of Liberty & Victory's coming Forth**

It is very significant that they have come to offer their help and it is important that everyone understands this and calls upon them. Especially now with the events that are taking place. Now is the time that we need the help of Great Cosmic Beings; because of the depth of the need and also because of the fact that they have offered to help. This shows 2 things; we need that help and they wouldn't have come if there wasn't hope for success.

So, if it seems our situation is worse and getting more hopeless, there is great help available. It is up to humankind and even more so, to those who have awakened. There is a saying, "*If it is meant to be, it is up to me;*" - it is up to us. We can make a difference and these Beings have offered to be the help that we need to succeed.

### **Divine Mother's Dispensation**

Divine Mother is coming to speak with us tonight and she is coming to offer a dispensation that has to do with bringing abundance. This abundance is a special dispensation that she wants to give to those who are working with the Masters and serving the Light and especially those who understand the significance of her work on Earth. And for those who understand that we are entering into the 13,000 year cycle where her reign begins.

The reason the Masters have been so intent on taking us to the Realms of Divine Mother and working with the Feminine Aspects so much is that Divine Mother's reign is coming.

**The 26,000 Year Cycle.** The Myans, the Hopis, the Aborigines, all those that are connected with the Ancient Mysteries, talk about these cycles.

There is a cycle of about 26,000 years that is relevant here. It is the time it takes for our Solar System to complete one orbit around the Galactic Central Sun. It is an approximate measure because the Universe, the Galaxy and the Solar System are always expanding.

Our Solar System's orbit around the Galactic Core is in the shape of an ellipse and the point of least distance from the Central Sun of our Galaxy is much smaller than the point of greatest distance from the Central Sun.

At the point of least distance, we are fully in the Light and in the Heart of Divine Mother. In our 13,000 year journey away from the point of least distance to the farthest point we are moving away from the Light and, in effect, have our back to the Light. Our predicament now is that we are at the farthest point in our orbit, at the 13,000 year point in the cycle. That is the bad news but the good news is all we have to do, is to turn and face the Light as we move into the New Age and into the second 13,000 year cycle and the reign of Divine Mother.

**Those who have awakened are turning their faces into the Light.** Those that have not yet awakened are faced away from the Light and looking into the darkness, seeing the doom and gloom and seeing the glass half empty. Those who have awakened and can see what can be done by turning their faces into the Light and feeling the bliss and knowing that changes are happening, they see the glass half full and can fill the glass with Light by helping others to turn their faces back into the Light.

What Divine Mother will do is bring a gift, just as she has sent Goddess of Victory, Goddess of Liberty and Goddess Venus, she has now commissioned a new set of Beings to specifically be in charge of Empowering those who work for the benefit of Light. They will help with our Health and Wholeness, our physical abilities to do more and will be in charge of bringing abundance, abundance of resources, people, places and things, skills, short cuts, simpler ways of doing things.

She has set a specific set of intentions that those who are working on her behalf , walking on the Path of Returning to Her Light, Returning to Purity and Innocence of the Original Intent; Returning to the Feminine Principle, will benefit from. Whatever they call themselves, Lightworkers, Metaphysicists, she has brought this dispensation for those who desire to be accelerated in bringing back the Purity and Innocence and returning the Earth to Light.

### **The Summer Solstice Ceremony**

It is important that as many of us as possible get together so that we can do the Ceremony of the Solstice, which will be the follow up to what happens tonight. Tonight will be the plateau from which we will jump when we do the Solstice Ceremony on Sunday, June 20 at 8:00PM EDT. We invite you all to come and participate. This is very important. Tonight Divine Mother will open the gateways for us to Empower ourselves, Embody Abundance and receive Health and

Wholeness at the Solstice Ceremony. This is the first step which will become the magic carpet from which we will ride into the next cycle of events.

Those of you who did the Living with Divine Mother Course have had that experience with Divine Mother, especially when you reached the weeks with the Cosmic Beings, Venus, Liberty and Victory. You had the chance to really feel the energy charge pour down. If you haven't had a chance to take this course, to honor Divine Mother, we are going to offer Living with Divine Mother and all the Home Study Courses (up to April of 2010) at half price. Please look for the email announcing this offer. We, Divine Mother and the Masters highly recommend that you take the Living with Divine Mother Course because now when you work with these energies of Divine Mother, you are going to add the Gifts of Abundance, Empowerment and Physical Health into that Energy. Those who have already taken this course and are at the point of completing it, will be the Spearheads and those who join in will Weave the Tapestry.

### **The Mystery School**

The other gift the Masters have given us is that at the end of the month, we are going to have the Mystery School begin to offer Level IV Courses. These courses will only be open to those who have taken Levels I, II and III. That is why we are going to offer all Home Study Courses at half price. So those of you who wish to, can become eligible to take the Level IV Courses. These courses are all about working with specific Masters; walking with these Masters and Aspects of Divine Mother. So, watch for the email announcement at the end of this week and watch for the announcement of Level IV courses for those of you who are and wish to diligently work with the Masters.

### **Thank You**

We also thank you for all that you have done to get us all here, to this place of accomplishment; for all your hard work and vigilance and dedication to the Masters and Divine Mother.

The Masters are very happy. Divine Mother is very happy.

Take a deep breath and visualize yourself in the center of the Grid of Light.

### **Grounding Meditation**

We will now perform the Grounding meditation.

Sit or stand with both feet flat on the ground or floor. Visualize your earth crust chakra which is approximately 10 to 12 inches below your feet. Now visualize the core of Mother Earth shining a

Brilliant Yellow Gold color. See the Golden Yellow earth core energy extend up through a Pillar of Light and visualize the Bright Red Life Force Energy of Mother Earth all around and mixing with the pillar of Golden Yellow Light.

The mixing of the energies produces an Amber colored Light. Pull this Amber colored Light up to your Earth Crust Chakra. As the energy fills this chakra to overflowing, pull the energy up through the bottoms of your left and right feet, into your legs and up to your hips. Fill your Root Chakra and your hips with this energy.

Now, move the energy down the opposite leg, to your foot back into the Earth Crust Chakra, draining all the way back to the Earth's Core.

Take a few deep breaths as you visualize the Amber Light moving continuously up each foot and leg across your hips and draining down the opposite leg. We are creating two continuous streams, originating at the earth's Core and returning at the end of the loop to the Earth's Core.

### **Creating the Pillar of Light**

Visualize that a Pillar of Light is forming around you. It extends from the heavens above to the core of the Earth holding you and your energy bodies within it. Visualize this entire group also inside a Pillar of White Light with everyone's individual Pillars illuminated inside the Group Pillar; one large Group Pillar of Light that holds each one of us within it.

### **Moving up through the Hierarchy of the Thrones**

Move your consciousness up to your Crown Chakra and visualize your Antahkarana Cord extending up from your Lotus of the Crown. Take a deep breath into the Antahkarana Cord and let it expand.

Now, let us move our consciousness up through the Cord to the Throne of I Am That I Am. See your Perfected I Am Presence and Sanat Kumara, the Planetary Logos. Merge into your Perfected Presence.

Spin and spiral up to the Throne of YHWH and see the Overlighting Presence of Yahoweh-EL standing by. Merge into the Throne of YHWH.

Spin and spiral up to the Throne of God-Source and see the Ancient of Days, Lord Melchior; the Galactic Logos, standing by. Merge into the Throne of God-Source.

Spin and spiral up to the Throne of Eloh and see Jeshua Ben Joseph Overlighted by Lord Sananda and Star Astrea standing by. Merge into the Throne of Eloh.

Spin and spiral up to the Thrones of the Seven Heavens and the Overlighting Presence of the Seven Pairs of Celestial Guardians. Merge into the Throne of the Seven Heavens.

Spin and spiral up to the Thrones of the Seven Mighty Elohim and Maha Elohim and see the Seven Mighty Elohim and Maha Elohim standing by. Merge into the Throne of the Mighty Elohim.

Spin and spiral up to the Throne of Undifferentiated Source and see Melchizedek, the Universal Logos and his consort Lady Malak standing by. Merge into the Throne of Undifferentiated Source.

Spin and spiral up to the Throne of Paramatman and see the Maha Lord of Light standing by. Merge into the Throne of Paramatman.

Spin and spiral up to the Thrones of the Lords of Light and see the Presence of the 7 Lords. Merge into the Throne.

Spin and spiral up to the Throne of Maha Lord of Light and see the Presence of the Maha Lord of Light. Merge into the Throne.

Spin and spiral up to the Throne of Great Divine Director and see Thoth and Lady Veyga standing by. Merge into the Throne.

Spin and spiral, together with all of these great Beings and all of us to the Throne of Absolute; the Throne of Divine Mother.

Visualize the altar with the Sacred Flame in front of you and Divine Mother sitting on her Throne beyond. Make your offerings to the Fire and set out your personal and global intentions.

Pause and bathe in the Light of Divine Mother.
