MANTRA FOR THE ADAM KADMON BODY LIGHT

From the point of light where the Undifferentiated Source and I are one, we call forth the pure essence of the Adam Kadmon body of light to descend upon humanity.

From the point of light where the Undifferentiated Source and I are one, we call upon the masses of Earth to receive the light of Adam Kadmon body light.

From the point of light where the Undifferentiated Source and I are one

I command the Earth to receive this light.

I command the Earth to absorb this light.

I command the Earth to become this light.

I call forth the I Am That I Am to embody this light for Earth and for humankind.

I call forth the presence of the I Am to move through the Earth and all souls and to bring forth purity and innocence, healing and wholeness back to Earth and all souls.

I command the I Am That I Am to dissolve all pain and suffering.

I command the I Am That I Am to remove all forgetfulness.

I command the I Am That I Am to restore at molecular structure its original blueprint.

I command the bodies of the masses
to receive the original blueprint for the I Am That I Am.

I command the body of the mother Earth
to receive and absorb the original blueprint for the I Am That I Am.

I command the light of the I Am presence to illuminate this world.

I command the light of the I Am That I Am to illuminate all bodies of all souls.

I command the I Am That I Am to restore itself upon this planet and all souls.

Light I Am. Love I Am. Bliss I Am.

I Am. I Am. I Am.

I Am That I Am.

So it is. It is done, Amen.
