

Mantra for the Descent of Paramatman Light

From Metatron January 12, 2005 channeled by Nasrin.

Some have asked me what the Paramatman Light is. Paramatman Light is the highest light of God – Nasrin.

Metatron: The beauty of it is (what human beings have forgotten) that you are the light of the Paramatman and although you are physical matter that has forgotten its existence in spirit, the ultimate experience is going to be when this body of physical matter remembers that it is spirit of the Paramatman mantra. One segment is spiritizing matter the other is materializing spirit (e.g. the Light of Paramatman I Am is spiritizing matter and the I Am the Light of Paramatman is materializing spirit). When you move to the Paramatman, then there is no differentiation between something and nothing. Then it is just pure beingness.

Whether the pure beingness has taken form and accepted duality, or the pure beingness is sitting in the great, great silence and experiencing nothingness. We need to purify the earth. We need to bring the energy of clearing and cleansing back to the earth and the only way we can do this is to go beyond what we know as form, beyond what we know as differentiated essence of beingness. We need to take the five elements to that pure point before they had differentiated themselves in order to know themselves as the five elements: the fire, the earth, the air, the water, the ethers. We want to go back to that Paramatman light in the heart core of the ethers where all things belong and we want to go to these locations. . . So, what I ask of you is to start repeating these mantras as many times a day and night as you can. Fall asleep with it. Wake up with it. Receive and embody the Paramatman Light.

In the name of the I AM THAT I AM
From the point of light within the heart core of the Undifferentiated Source
I declare my light on earth.
In the name of the I AM THAT I AM
From the point of light within the heart core of the Undifferentiated Source
I declare my light on earth.
In the name of the I AM THAT I AM
From the point of light within the heart core of the Undifferentiated Source
I declare my light on earth.

The light of the Paramatman I am.
The light of the Paramatman I am.
The light of the Paramatman I am.

I now declare the Paramatman light through my body onto the earth.
I now declare the Paramatman light through my body onto the earth.
