

Metatron: When you say your affirmations you must believe them, so much so that nothing can make you take your eyes away from the presence of the I AM. Say it from your heart. Say it from your mind. Most importantly, say it from your gut, that part of your being that knows right and wrong.

First say the INVOCATION, then say the MANTRA FOR CLEARING OBSTACLES, then say the MANTRA FOR EMBODIMENT OF I AM THAT I AM

INVOCATION

From Metatron 10/9/02 - Channeled by Nas in Hudson MA

I call upon the guidance of Lord Metatron and all the masters and mistresses of Light who will step forth to assist us in releasing our dross. Lord Metatron call forth the rays of remembrance, the energies of empowerment, and the light of clarity to come to our assistance. Together we all invoke the presence of the I AM THAT I AM to merge and unite with us. We immerse ourselves in its beingness so deep and so complete that we experience full merging now!
