Hello everyone this is Jim.

Welcome to the 8-8-2012 Gateway Portal Day event. I thank you all for being here.

Let's take a deep breath, and I want to thank all of you who have joined with us and with Divine Mother and participated in the Summer of the Divine Feminine half price courses that we posted. We put a number of courses, mostly having to do with Divine Mother, having to do with the Divine Feminine, with Goddess Victory and Great Silent Watcher, out at half price since July 7, because we want to focus on the Divine Feminine, anchoring these energies even more as we move towards the 12-21 Portal.

As we move to the Portal and all of you have been focused on this, as we have for many years; many have come into this lifetime for the importance of the 12-21 Portal that is coming up as this 13,000 year cycle ends. Where the Male Energies, the Male Focus, has been prominent and we begin to pull in and anchor the Feminine Energies, the Divine Feminine, which is now having her time.

The next 13,000 year cycle will be that of the Divine Feminine, and as we move through this Portal, the more that we can embrace and anchor the Divine Feminine, which will allow us to release the old, the old and stagnant energies that are at the end of their cycle - the corruption and all of the things that happen at the end of a long cycle that are not wanted in this new cycle - we embrace the Feminine which will clear and cleanse the Five Elements, earth and humankind to catapult us through the 12-21 Portal, allowing us to anchor and establish ourselves in the Fifth Dimensional Octave, moving ourselves into the New Age surrounded by the Energies of the Divine Feminine, surrounded by Divine Mother, surrounded by Victory, by Great Silent Watcher and all of the big guns that Divine Mother has brought to our aid - to the aid of earth and humankind as we enter into this very important time.

Doing these courses, the meditations in these courses, allows us to acknowledge the Energies of the Divine Feminine, accept them, pull them in, and anchor them for the benefit of earth and the Five Elements. These energies that are pouring down now, unless we accept them, embrace them and anchor them into the earth, they will just float around in the Higher Dimensions. We must anchor them in this Third Dimensional Reality; anchor them into the body of Mother Earth. That is how important this time is and how important embracing the Divine Feminine is at this point in time, as we enter this critical 12/21 Portal. So I thank you all who that have taken these courses, that have chosen to serve in this way and for all of the wonderful comments that we have received and all of the love that you have poured onto Divine Mother and these Goddesses.

Also, we are extending the half price tuition to Sunday night, this coming Sunday night at midnight. It was to end tonight at midnight but I wanted to be able to thank you all for all of your service and to extend it just a few more days. This coming Sunday at midnight those courses will go back to full price but they are still on sale now and you can find them if you go to the home page of Waves of Bliss, right in the center under Path to Enlightenment Mystery School there is a paragraph and a link to these courses.

Similarly our own beloved Nasrin has been making jewelry again and she made a couple lines of jewelry in the past couple of years and once again she has invented a new line with the help of Divine Mother that she is calling fun intentional jewelry. This is beautiful jewelry, I love it. You can find it in the gift store under fun and intentional jewelry; it's all marked at a discounted price right now. While we need to embrace the Divine Feminine, while we need to remind ourselves of the energies of Divine Mother, all of these necklaces' hand made by our beloved Nasrin, and imbued with the energies of Divine Mother, are a great way to carry that energy with you and enhance yourselves with the energy of Divine Mother even more. Especially as school days roll around and it's time for kids to go back to school, sending them away with a necklace imbued with the energies of the Divine Feminine - of Divine Mother - allowing Divine Mother to provide that protection is a wonderful thing. I encourage you all to check it out. I have to say that I don't think the pictures do the pieces justice, I really love this particular line and it's very fun.

All things point to Divine Mother, all things point to the Divine Feminine and as we move into August there are many important Portal Days that happen in August moving towards the Fall Equinox, the next important event, as we move towards the 12-21 Portal.

*We want to set our intentions through this month that Divine Mother, the wishes of Divine Mother, and the intentions that Divine Mother has set forth that we will achieve in moving through the Fall Equinox and through the 12-21 Portal, get exceeded beyond expectation and limitation.*

### **Grounding Meditation**

Take a deep breath and we will do our grounding meditation, and we will do it using Uluru and the Niagara Falls Horseshoe Falls so that we can incorporate into our grounding meditation the Element of Earth, represented by Uluru, and the Element of Water, represented by the Horseshoe Falls at Niagara Falls.

Visualize that you are standing on top of Uluru, the great red rock. We have placed ourselves at this sacred spot many times, so feel the presence of Uluru, feel the heartbeat of Uluru and Mother Earth and now, as you feel the presence of Uluru, imagine that you are also standing in front of the Horseshoe Falls. You are in the air, facing the falls, feeling the mist pour over you as the water pours over the falls, splashing in the river below, and feel, simultaneously, the energy of the falls, the Water Element, and the Earth Element of Uluru beneath your feet.

See that you are connecting to both of these places, both of these Elements, and imagine that beneath your feet you see the Pillar of Light, your Hara Line, extend down to the Core of Mother Earth, all the way down. You can visualize the Sacred Fire that sits at the Core of Mother Earth and see the Red Life Force Energy of Mother Earth mixing with the Gold of the Core Crystal making Amber colored Light. Pull that Amber colored Light up through the Hara Line up to your body. Let it fill your Chakras, fill your entire body and your Energy Bodies and let it even fill Uluru and fill Niagara Falls with the Amber colored Light.

We will send the Amber colored Light up the Antahkarana Cord, from our Crown Chakra all the way up through the Thrones into the Pool of Creation where it spreads out. We pull the Amber colored Cosmic Life Force Energy from the Pool of Creation back down through the Antahkarana Cord. See the Amber colored Light pouring down through the Thrones, enlivening and filling the Thrones as it moves down into your body, through your Crown Chakra, filling Uluru, filling the Horseshoe Falls, down to the Core of the Earth. You are the catalyst for moving the Life Force Energy, the Amber Life Force Energy of Mother Earth moves up, the Cosmic Life Force Energy of the Cosmos moves down, anchoring you to the Core Crystal, to the heart of Mother Earth. The Element of Earth through Uluru, the Element of Water through the Horseshoe Falls, the Element of Fire through the Sacred Fire at the Core of Mother Earth, the

Air around us and the Ether all represented. Feel yourself anchored to Mother Earth and connected to the Cosmic Life Force Energy, as it is pouring down, as the Life Force Energy of Mother Earth is moving up.

### **Nature & the Divine Feminine**

Now I want you to imagine that you are sitting once again in that favorite spot that you have, that favorite spot that you have in the meadow by the lake, by the river. We have talked before about a spot that you might love that is in nature where there are trees, flowers, plants around, and grass beneath your feet. Water is flowing in some form nearby, and where you can feel connected to nature, connected to Mother Earth, connected to the Divine Feminine expressing itself through nature.

Now just take a seat on the ground, cross your legs, as if you are sitting in lotus position in the middle of this meadow, and visualize that directly in front of you, sitting cross legged as you are, is your own **Divine Mother**. She is sitting on top of a lotus. She is emanating her own **Copper Gold Light**, the lotus is emanating Copper Gold Light. She is sitting facing you, your knees are touching. She is looking into your eyes, smiling and pouring her Copper Gold Light over you, pouring her love over you. Take a moment and make a connection with Divine Mother, express your love and gratitude for all that she has done for you, for your loved ones, for Earth and humankind.

Now see that our own **Goddess Victory** is standing directly behind you holding her Scepter of Victory and her Torch of Victory over your and Divine Mother's head. Lemon-Yellow, Pewter and Platinum colored Lights are pouring down and now see that Great Silent Watcher is standing facing you beyond Divine Mother. Great Silent Watcher is standing in her Turquoise Blue colored robes, her huge Scepter held up. She is beaming to you the Turquoise Blue colored Light from her Scepter to your Eighth Chakra, the Chakra directly above your Crown Chakra. She is pouring Turquoise Blue colored Light to your Earth Crust Chakra, just below your feet - about 12 inches below the ground, pouring the Turquoise Blue colored Light. See the Seven Pointed Star superimposed over these Chakras that are pouring this Turquoise Blue Light out between them, filling your Chakras and creating a large cocoon around you of Turquoise Blue colored Light. This is a Cocoon of Protection, Fearlessness and Divine Power from our own Great Silent Watcher. You are sitting in the middle of this meadow with our own beloved Divine Mother directly in front of you, within the Cocoon of Turquoise Blue, with Victory holding her Torch and Scepter above your head.

### **Divine Mother sits on her Lotus in each Chakra**

See that Divine Mother begins to send you her Copper Gold Light from each one of her Chakras to yours. Visualize your Eighth Chakra, about 10 inches directly above your Crown Chakra, and see that from her own Eighth Chakra above her head she beams Copper Gold Light to yours. As this Copper Gold Light fills that Chakra to overflowing, see that Divine Mother is sitting on a lotus in your **Eighth Chakra**, just as you see her in front of you. See an aspect of Divine Mother sitting on a lotus inside your Eighth Chakra - above your Crown Chakra - and see that the Copper Gold Light begins to pulse and expand.

Now see that Divine Mother's **Third Eye Chakra** in her forehead is beaming to your Third Eye Chakra her Copper Gold Light. See that your Crown Chakra, your Thousand Petalled Lotus is fully open, and emanating Pure White Light with Platinum sparkles. The Disc of the Moon is in the center with your Antahkarana Cord extending from the **Disc of the Moon in the Thousand Petalled Lotus** all the way up through the Thrones. See that the Copper Gold Light of Divine Mother that is pulsing in your Eighth Chakra fills your Antahkarana Cord with the Copper Gold Light. See Divine Mother sitting in a Copper Gold Lotus above your Crown Chakra and as she beams Copper Gold Light to your Third Eye Chakra see that the Copper Gold Light begins to pulse and expand. An aspect of Divine Mother is sitting in your

Third Eye Chakra on top of a Lotus receiving the Copper Gold Light from Mother and magnifying it and pulsing it into your Third Eye, as it also pulses in your Eighth Chakra and in your Crown Chakra.

Now see in your **Throat Chakra**, the beam of Copper Gold expanding and see Divine Mother sitting on a Lotus inside your Throat Chakra, magnifying the Copper Gold Light and pulsing in rhythm with the other Chakras.

Now from Divine Mother's **Cosmic Heart Chakra** which is between the Personal Heart and Throat Chakra in the center of your chest, a beam of Copper Gold Light is beginning to expand. See Divine Mother sitting in your own Cosmic Heart Chakra on top of the Lotus, pulsing with the Copper Gold Light, magnifying it as it is beamed from our own Divine Mother directly in front of us.

The **Personal Heart Chakra**, directly between the two nipples in the center of your chest is filling with the Copper Gold Light. Divine Mother on her Lotus is sitting magnifying the Copper Gold.

The **Seat of the Soul Chakra**, directly between the Personal Heart Chakra and your belly button, is filling with the Copper Gold Light and Divine Mother is sitting on top of the Lotus receiving and magnifying the Copper Gold Light within the Seat of the Soul Chakra, pulsing it in rhythm with your other Chakras.

See the **Solar Plexus Chakra** filling up, see Divine Mother on her Lotus in the Solar Plexus and see that this Chakra expands to even bigger than the others. This Seat of Power in our Reality, fills even more with the Energies of Divine Mother, so that not your will but the Will of the Divine Feminine is always expressed through your actions.

Directly below the Solar Plexus is the **Sacral Plexus**. The Sacral Plexus Chakra fills with the Copper Gold Light and Divine Mother is sitting on the Lotus, reinforcing and magnifying this Light.

See the **Root Chakra** and Divine Mother sitting on her Lotus. Copper Gold Light is filling the Root Chakra, letting it expand and letting it begin to pulse in rhythm with the other Chakras. See that the Copper Gold Light has expanded to create a cocoon around you and Divine Mother within the cocoon of the Great Silent Watcher. The Turquoise Blue Cocoon is holding you and Divine Mother and your energy bodies within it.

See your **Earth Crust Chakra**, 10 to 12 inches below the surface of the Earth. The Chakra that connects you to Mother Earth is filling with Copper Gold Light and Divine Mother is sitting in your Earth Crust Chakra on the Lotus, magnifying the energy as it pours in the Copper Gold Light and filling your Hara Line all the way down to the Core of the Earth with Copper Gold Light.

Now take a deep breath and feel the pulse as the Energy of Divine Mother, the Copper Gold Light of Divine Mother satiates your Body, your Energy Bodies, Antahkarana Cord, and your Hara Line all the way down to the core of the Earth. We sit fully in the embrace of Divine Mother, fully in the love of Divine Mother.

*Let us set our intentions that Divine Mother's wishes, **Divine Mother's intentions**, Divine Mother's desires for what we can accomplish on her behalf from now through the 12-21 Portal and be exceeded beyond what is possible, beyond all potential, beyond all expectation, beyond all limitation. That she is successful with what she wants to accomplish for us, for Earth, for Humankind, and for this Hierarchy, beyond expectation, beyond limitation.*

*Let us set the intention that all of **Goddess Victory's intentions** for what we will accomplish on her behalf from this moment through the Portal and beyond be accomplished beyond expectation and limitation and all that Great Silent Watcher and all of her intentions that she has set on our behalf and on behalf of Earth and humankind and on behalf of our own Divine Mother be exceeded beyond expectation and limitation.*

*Now take a moment to set your own personal and global intentions on this 8-8- Portal day, this is very important energy day, as we are sitting in the summer in the northern hemisphere of Earth. The summertime is Mother's time, time of the Divine Feminine. We set our intentions to acknowledge, receive, anchor, magnify and transmit the energies of the Divine Feminine, the Energies that will raise our own vibration, and which will allow us to affect the lives of everyone around us. We will anchor the Energies of the Divine Feminine within our beloved Mother Earth, on behalf of humankind, and on behalf of Goddess Gaia, the deity of Earth,*

### **Add Divine Mother and the Energies of the Divine Feminine to your Morning Routine**

Now I want to propose that every morning as you wake up and you go to take your shower to clean your physical body and while you are standing in the shower, that you invite Divine Mother, Victory and Great Silent Watcher to create this Grid around you. That you invite Divine Mother into each one of your Chakras and that you visualize from your Eighth Chakra, your Crown to your Third Eye, to your Throat, Cosmic, Personal Heart, Seat of the Soul, Solar Plexus, Sacral Plexus, Root and Earth Crust Chakras, your Antahkarana Cord and Hara Line all filling with the Copper Gold Light of Divine Mother. Fill your body and Energy Bodies with the Love and the Light of Divine Mother and offer this day that you are about to embark upon to Divine Mother.

*Ask for her protection, ask for her love and blessing and ask that she be with you every moment, and that her connection with you be felt in every moment, that every thought, word and deed be Divine Mother thinking it, Divine Mother speaking it through your mouth, Divine Mother performing each action for you. That through every thought, word and deed be completely aligned with the Will of the Divine Feminine. Request that you are satiated with the Energies of Divine Mother, that the Energies of Victory will pour over you at all times, and that the Turquoise Blue Cocoon Energies of Great Silent Watcher with the Energies of Protection, Fearlessness and Divine Power are magnified to you and so that you start each day within the Energies of the Divine Feminine, through these Beings. That Divine Mother take every step with you and that the exploits of every day be completely offered to Divine Mother. That every action, every word, every thought be Divine Mother. That the Energies of the Divine Feminine be anchored through every thought, through every word, through every action, in service to Divine Mother, in service to Earth and Humankind, in service to you and your Soul Lineage.*

I thank you for being here, I thank you for all the work that you do, all that you do on behalf of earth and humankind and on behalf of Divine Mother and our Hierarchy and on behalf of the great big guns that Divine Mother has invited and have chosen to come and to serve Divine Mother and to serve this Hierarchy and to serve us, Victory, Great Silent Watcher and all of the Goddesses that have come forth on our behalf.

So It Is, It Is Done, Amen.

I thank you all for your patience, I send you my blessings, I send you our beloved Nasrin's blessings and prayers and wish you all the best in this month of August.

So It Is.
