

13/0202 Gateway Portal Channeling

DIMO
© FAGU 2013

Hello everyone this is Jim and welcome to the 2-2-2013 live Gateway Portal Channeling event. I thank all of you for being here. I thank you all for your great service, and now this is our first Portal Channeling event in 2013. We've almost completely moved through the 12-21-12 Portal and I congratulate every one of you for all that you have done to get us to this point, for this greatly successful movement through this Portal, and movement into 2013, and I wish you only great love and abundance and the best year yet; in this year of 2013.

Take a deep breath and we will begin.

Grounding Meditation

Close your eyes, take a deep breath, and imagine that you're standing on top of Uluru, the great red rock in Central Australia, feel it beneath your feet. Feel the pulsing heartbeat of Uluru and be aware that everyone that is listening to this call at this moment and will ever take part in this meditation is here with you. As you connect with Uluru feel yourself dissolve into this red rock, and as you are inside, dissolving and moving down through Uluru, you can see the warm orange red glow of Uluru. Imagine that you slide all the way down through a Pillar of Light, the Hara Line of Uluru, all the way to the Core Crystal of Mother Earth, the center of Mother Earth.

See that all around you is Amber Colored Light; it's the Life Force Energy of Mother Earth. Let it absorb into your body and into your being, your Five Body System, your Light Body. We send it up through our Antahkarana Cord, all the way up through the Thrones. We imagine and see that it's pouring into the Throne of Creation, into the Pool of Creation like an Amber Colored tree trunk that moves all the way up through the Thrones and spreads out into branches and leaves within the Pool of Creation.

From the Pool of Creation we invite the Cosmic Life Force Energy to pour down, it is also an Amber Colored Light. And we ask the Turquoise Blue Light of the Pool of Creation also to mix with the Cosmic Life Force Energy and pour down the Antahkarana Cord, all the way down through the Thrones to us, and into the Core Crystal of Mother Earth. The Life Force Energy of Mother Earth is constantly moving up into the Throne of Creation and the Cosmic Life Force Energy and the Turquoise Blue from the Pool of Creation is constantly pouring down, connecting Earth and the Throne of Creation.

Now let's spin and spiral up through this Pillar of Light, and we spin and spiral up all the way to stand in the 122nd Dimension of Reality before the Sacred Altar of Divine Mother. This is Divine Mother's Throne and this is Divine Mother's Sacred Altar. As we stand before the Sacred Altar,

- See to your right is Divine Mother in her Ceremonial Robes and beaming to you Copper Gold Light.
- To your left is Goddess of Victory beaming Yellow, Lemon-Yellow with Platinum and Pewter Colors to you.
- To the left beyond Victory is Mother of the Universe;
- To your right beyond Divine Mother is Mother of the Cosmos.
- Mother of the Universe is beaming Vibrant Pink Light; Mother of the Cosmos is beaming Amber Colored Light.

- Directly across from you stands the Great Silent Watcher, a huge majestic Being holding her Scepter above this entire group, her Turquoise Blue Light beaming from her Ceremonial Robes and beaming from her Scepter creating a Dome of Turquoise Blue around this entire entourage.
- To the right of Great Silent Watcher see a Silhouette of Emerald Green Light, which is the Perfected Presence of the Masculine Aspect.
- To the left of Great Silent Watcher a Silhouette of Light in Pink and Gold, the Feminine Aspect,
- Behind us the Three Omniversal Mothers. The first Omniversal Mother in her Purple, beaming her Purple Colors, the second Aqua Marine Blue and the third Clay Red with Gold, the Three Omniversal Mothers in Ceremonial Robes of those colors and beaming those lights to you and to the Sacred Altar.
- Around us, see 144,000 Silent Watchers in Turquoise Blue, standing shoulder to shoulder, holding their Scepters of Power above their head to pour the Turquoise Blue Light, the stepped down Light of Great Silent Watcher.
- Beyond the 144,000 Silent Watchers are ten billion Angelic Watchers, also in Turquoise Blue, stepping the energies of the Great Silent Watcher down even further to be more absorbable by us. Ten billion Angelic Watchers also in Turquoise Blue.
- Take a moment, feel the energies of each one of these Great Beings, make your offerings to the Sacred Fire, set your intentions. I will give you a moment before we continue.

Now as we stand in this entourage at the 122nd Dimension of Reality, Divine Mother's Throne, see that Divine Mother is beaming her Copper Gold Light to your heart. As it pours into your Heart Chakra, your Personal Heart Chakra, see that it implodes and explodes out, and it forms Cocoons of Copper Gold Light around each one of your Five Bodies, your Five Energy Bodies, first round your Physical Body, then around your Etheric Body, your Emotional Body, then your Mental Body, your Spiritual Body and finally around your Light Body. This Copper Gold Light is pulsing in each one of these Cocoons.

Now to your left, Goddess of Victory is pouring her Lights on you and she's creating around you a Five Layered Sphere. Remember from last time, our last Portal event, placing a Five Layered Sphere around you. The outside layer is Platinum, the next layer in is Yellow, a Lemon-Yellow Gold, the next layer in is a Pewter Colored Light, then Lavender and then Plum Colored Light; the Five Layered Sphere around your Five Body System and Light Body. Each one of the Great Beings in our entourage is pulsing their Light to you, reinforcing the Lights of Divine Mother and of Victory. Feel them pulsing within your body and your being, and now the Copper Gold Light that has formed the Cocoons around each one of your Five Body System and Light Bodies.

Golden Bridge to the 5th Dimensional Octave

See the Filaments of Copper Gold begin to spin off and see before you the Golden Bridge that we created last time to the 5th Dimensional Octave. Imagine these Copper Gold Filaments spinning off of your Light Body forming this Bridge, reinforcing the Bridge that we already formed last time, and each one of these Beings, standing in our entourage, sending their own colored Light to reinforce the Bridge. Filaments from each one of the layers of the Five Layered Sphere around you that Victory has bequeathed to you, see the Filaments of the Platinum on the outside, the Yellow, the Pewter, the Lavender and the Plum reinforcing this Bridge, this Bridge that we walked across last time, and we invited the Indigo Souls, all two billion of the Indigo Souls, and those relevant to them to cross.

So now imagine that we are all together in a procession with Victory leading the way, Great Silent Watcher standing behind us. We are walking on this Bridge to the 5th Dimensional Octave. It becomes a tunnel as we move through the 4th Dimension, a tunnel that is impenetrable. As we move into the 5th Dimensional Octave, see the Golden Light everywhere, and we will go to find our Treasure Chests. The

Treasure Chest that you have been sitting with at night in your meditations before you go to bed. The Treasure Chest, like the one that we invited all the Indigo Souls to come and find for themselves. The ones that we have looked for and found for each one of the Indigo Souls, so that they can retrieve their Power Objects, they can retrieve their Contract, re-acquaint themselves with their Contract, to come and be the Children of the New Age that we need them to be, that we have come to be the Spearheads to pave the path for, as you move through the layers of the 5th Dimensional Octave to find your Treasure Chest.

Now open your Treasure Chest and put your Cape on, put your Scepter in your hand, Crown on your head, whatever objects you see that you wish to pick up and hold, do so. Now we are going to take your Treasure Chest, and each one of us will take our own Treasure Chest, and we will move through the 5th Dimensional Octave. We are going to go to Divine Mother's Retreat, her 5th Dimensional Retreat with our Treasure Chest in hand, and all the objects held within it that we have put on our bodies, and held in our hands, this entire procession, the entourage of Great Beings, along with everyone who is taking this meditative journey with us.

Divine Mother's 5th Dimensional Retreat

See ahead of us a crystalline structure, it's a seven tiered structure, and this is the Retreat of our own Beloved Divine Mother in the 5th Dimensional Octave, shining and glistening. See that as the Light reflects off this crystalline structure you see the seven colors of the rainbow, as if the Light, as it glances off the edges, spreads out into its different frequencies so that you can see the blues, the reds, the purples and the greens flash before you. Now see that as we get closer to the Retreat there is a hexagonal gateway that is before us and it glistens also in the seven colors of the rainbow. As the seven colors in sequence shine from the gateway, it opens and we walk into this crystalline structure.

The floor is an Italian Onyx, it's like a marble. It has veins of green and red, some chocolate brown and some lighter browns as well, and it's like a translucent effect, as if there is Light behind it. This Italian Onyx material just shines. Feel the loving nurturing effect of this substance, which has offered itself to Divine Mother and to the Energies of the Divine Feminine, receiving them, magnifying them and transmitting them to us, and to everything in the 5th Dimensional Octave.

See the walls of this structure, from the inside it's a Carnelian Colored substance. It's a Warm Orange Color glowing from the walls, creating a cloud of Warm Orange Colored Light throughout this entire structure.

We are on the first level. Each floor of this seven tiered Retreat is over 40 feet high so that all the great Beings, Great Silent Watcher, Victory, and all the tall Beings who are part of this entourage can easily walk into this great hall within Divine Mother's Retreat.

As we get towards the center, we enter a smaller chamber and in the center of this chamber is the Sacred Altar, flames jumping high. Beyond this Sacred Altar see Divine Mother's Throne, and see Divine Mother sitting on her Throne, welcoming us into her Retreat. We step up before the Sacred Altar, everyone standing close to the flames as they jump up. Divine Mother with a beautiful Crown on her head, Robes and a Cape in Copper Gold and Gold, Scepter in her hand, smiling, and so happy to see all of us here in her Retreat in the 5th Dimensional Octave, standing before her Sacred Altar, Italian Onyx on the floor, the Warm Orange Glow of the room, Celestial music everywhere welcoming you. All of these Beings who've come in our entourage sending their love to you, sending their love to Divine Mother.

Take a moment and make your offerings to this Sacred Flame within the Altar at Divine Mother's Retreat, set your intentions for this year, the year of 2013, for what you wish for yourselves, your loved ones, for Earth and humankind, and for Divine Mother and all of these Beings, especially Divine Mother as we

move almost completely through this Portal, this very important time, important for the next year, for the next ten years, for the next centuries, the next thousand years and beyond.

Take a moment and the next voice you hear will be that of our Beloved Nasrin. So It Is.

Nasrin Begins 19:56

Hello everyone and welcome to the first of our channeling sessions in this wonderful new year of 2013. A year filled with action and manifestation of all our desires and dreams as best it serves us. Divine Mother is very happy with this year and she looks forward to all the things we will do together. She's very happy with what we have achieved. Goddess Victory is very happy with what she has achieved. I have been noticing that Goddess Victory comes, if you remember, in a different type of Ceremonial Robe, and that is because she has been appointed as the Guardian of all of us in the 5th Dimension and the Guardian of the 5th Dimension. This means that everything we do which is 5th Dimensional and everything we do to promote the 5th Dimensional Energies in our 3rd Dimensional lives is going to be Victorious, because Goddess Victory will see to it that it becomes Victorious.

Divine Mother wanted us to move through the sequence of events that we already anchored in order to move through the energies of the Portal, and in order to bring those 5th Dimensional Energies into our consciousness. She has gifts for us.

2-2 is very special to all of us because it is a type of anniversary. Many of the Masters came to work with us, and we have an anniversary with them on various years, but it happened on 2-2 and Divine Mother is celebrating that. So let us take a deep breath and let us invite our loved ones souls.

One of the things that recently Divine Mother told us, which is very interesting, is that a dispensation had gone out around the same time when she requested the Highest Divine Plan. A Divine Plan above and beyond anything that was available to us before, around that same time. The dispensation that has been given is that the Soul Aspect, our souls, would have the choice to apply into our lives, and into all the events and circumstances that we face the Highest Purpose, which means, that if from our free will we decided to do something which is not beneficial for us, our soul now has the right to intercede, and in fact the soul is encouraged to intercede.

When we asked Divine Mother when this dispensation was given, she said this dispensation was written into the New Divine Plan. And if you recall we asked for the New Divine Plan, Divine Mother asked for the New Divine Plan towards the end of last year, the year of 2012, and she specifically requested that the Highest Divine Plan unfold for each of us. She told us to hold our Scepters up and request the Highest Divine Plan. At that point, one of the important measures that was written into our New Divine Plan, was that if we get to a point where we do something, we are about to do something, which isn't good for us, our own soul, under the guardianship and supervision of Divine Mother and Goddess Victory, will make sure that we do not continue with something that's detrimental for us.

In fact Goddess Victory will see to it that those Personality Aspects, who would take the free will and take it in a direction which isn't to our advantage, would be over lighted with the will of the soul, will of our soul and the Personality Aspects that are in line with the soul. Therefore, we won't go on paths which are dead-ends. We won't take measures that would end up detrimental. We won't make decisions that we might end up regretting and more importantly we won't go on paths that delay us or distract us from what our Soul Mission is. So I hope that I explained it and you understood the significance of this very important event, because a lot of times people wonder, did I do the right thing? Have I made mistakes in this lifetime that has delayed me from fulfilling what I came here to do? Am I on the right path? Am I doing the right thing?

Since this dispensation was written into our Divine Plan, the good news is we don't have to worry about those things anymore, why? Because it is written into our new Contract, into our Divine Plan, into whatever we fulfill in this lifetime, what remains of this lifetime, and what we plan through this lifetime for other lifetimes. It is written that whatever we decide be weighed and measured by our soul who knows the whole picture.

You see, the Personality Aspects know what they want right now. I want to wear red right now. I want to buy this dress right now. Well this dress may have been made by somebody really angry so every time you wear it you get angry. I am giving you really, really simple examples. So the Personality Aspect says, I want a red dress and I don't have time to go buy a red dress another time, I want this red dress and somehow every time you wear that red dress things go a little funny, you become out of sorts, you say things you shouldn't have said. That's the real simple run down of it. If in that moment, where that Personality Aspect, whether it is your Inner Child, or your Female Aspect, or the Conscious Self, you have to buy this right now. If they quiet the voice in the head that says go ahead and buy it right now, and hear the voice of the soul that says, really, honestly, you shouldn't be doing this. Let's find another red dress somewhere else.

So from something as simple as that to something really big, when you say I am going to enter into this business venture, I am going to invest my money in this whatever, I am going to take this job, I had this interview they are giving me more money, I am going to enter into this relationship, I am going to put my child into this school instead of this school. Those are big decisions that change our lives and the lives of those whose lives are affected by us. Imagine in those times when we are weighing things in the scale that that higher voice, the voice of the Higher Purpose, the Higher Light, and the Higher Purpose over-lights the lower one. The voice of the soul who knows what would be best for us gets the final say in everything, and does it in such a way that everyone is happy. Right in the middle of that point where the Inner Child is throwing a tantrum saying, I want this now. If someone could reason with that Aspect by saying why now, why not this, then it's easy for those aspects to let go.

But a lot of times we feel this resistance, we don't know why, and the resistance sometimes makes the Personality Aspect want something even worse. Oh, if you are going to push me away I am going to push for it. I am going to do it before you tell me not to do it.

Now imagine if all the Personality Aspects, even our minds, our emotions, our Five Body System, our Light Body, all being aligned with the Higher Purpose, and it being as powerful and as mighty as Goddess Victory fully over-lighting us and allowing the soul to reason with the Personality Aspects to the point where the soul can explain, not now because, not this because. And if you wait till tomorrow, next week, next month, next year, this situation, this situation, this situation, will unfold in such a way that what you want will be done and more and better, and higher, and it will be in alignment with your Higher Purpose. It won't just serve the purpose of appeasing you right now. It will serve the purpose of aligning you with your Divine Mission. It will serve the purpose of making this life worthwhile. It will serve the purpose of putting you on a higher path that has been given to us and that is an enormous gift, and it is a gift that we will begin to work with, and you might have felt the energies. I am not saying that they are not intense, but I am saying there seems to be an intensification of the focus. It's as if we have direction. It's as if we know we have to walk this path and we know at the end it is all going to come together. That's where we are we this year of 2013 and everything that has been lined up, all the pieces of the puzzle that have come together.

So let us take a deep breath as we invite our beloved Divine Mother to join us.

Divine Mother Begins 31.04

My beloved Children of Light I am your very own Divine Mother.

I sanction everything that has been said and I would like to offer you a gift to start our series of Gateway Portal Channelings. I want you to step forward and stand at the ledge of the Altar and bend forward to look at the fire, and **breathe the heat and the flames**, breathe.

When you breathe, it not only goes into your lungs but you are breathing as if your skin too can absorb the qualities of this high intensity Fire. You know that fire has the capacity to transmute karma and karmic entanglements. This 5th Dimensional Aspect of the fire that you are facing right now, you are holding your face above it and it is illuminating your face and your skin is absorbing it. Your eyes are absorbing it. Open your mouth and breathe it in and let it go in to your lungs. Even the strands of hair are absorbing it and becoming stronger. The roots of your hair are becoming stronger and it is entering through the skin and through the breath into your organs, and it is healing the organs. I want each of you to envision as you are standing so close to the fire and bending forward to look at the fire, absorbing through the eyes, that Angelic Beings are standing around you.

These are Angelic Watchers. They are 5th Dimensional Angelic Guardians. **Each of you has one who will guard you and constantly enfold you in the 5th Dimensional Energies.** Right now there are three, one standing over your left shoulder, one over the right and one standing behind you. What they are doing is, they are taking your clothes off and what they will do is, they will take the Sacred Ashes from the Sacred Altar, they will hold it up before Goddess Victory and Goddess Victory will pour her Platinum Light, and then they will bring it to your Divine Mother, and Mother will pour a Warm Orange Light.

This Warm Orange Light is very important. This is why I have spoken about the qualities of Carnelian and I have assigned Carnelian as the stone appropriate for the energies of this year. Wearing Carnelian will enhance your energies. This Light that I am pouring into the Sacred Ashes that is in the hands of these three Angels is going to be turned into a paste to be rubbed on your body. It carries the energies of Warm Orange Light which I have imbued into the Carnelian Stone, so that when you are in your 3rd Dimensional Realm, wearing Carnelian will help you elevate your energies. Carnelian is now charged with the energies of the 5th Dimensional Octave, with the energies of this Fire that you are bathing in. So this Warm Orange Light is pouring from Divine Mother's hands, and then I will seal it with the Copper Gold. **So when you look at the paste, they are going to bring it right to you, you will see Platinum Shimmers, you will see Copper Gold Shimmers, but the paste has turned into a Warm Orange Light.**

Receiving the Paste from the Three Angels

They are going to start. The three Angels are going to start rubbing it from the top of your head, especially a thick layer of it, is going to sit on your Crown Chakra, and then the whole head, the whole face. They are going to put it on your eyelids. They are going to put a thick layer of it, a thick layer of the paste over your Third Eye Chakra. You are going to feel a sensation of tingling or throbbing. They are going to rub it on your cheeks, rub it on your mouth. They are going to even rub it on the inside of your mouth. They are going to gently pull your lips, put it inside, rub it on your teeth, rub it on your tongue, and when you swallow it, it has a sweet orange taste, as if a concentrated juice of the orange has become a paste that you swallow, and it goes into your blood stream and it begins to emanate the Warm Orange Light.

For those of you who are in the Northern Hemisphere and are going through the months of winter, this is the best healing balm, the best highest concentration of vitamin C. You must imagine yourself tasting it, imagine it, pretend that you are drinking this healing balm. They are going to rub it on your throat and they are going to leave a big layer of it on your Throat Chakra. They are going to rub it on your neck and

on the Channeling Chakra on the back of the neck, and as I said, there are three of them, one on either shoulder, and one behind you. The one behind you is rubbing it on the back of each of the Chakras on your torso, and going down. Every iota of your body is absorbing it and receiving it, and as it gets absorbed through the skin, it goes into every one of the organs, it goes into your bone structure, your skeletal structure, it goes into your cell structure, it enters into your DNA structure, it awakens the DNA structures to the memories of yourselves as 5th Dimensional Beings.

The two Angels, one on your left, one on your right are rubbing it on your arms and your forearms and your hands and then rubbing it on the front of your body, one the left side of the front of your body, the other on the right side of the front of your body carrying over and leaving a large amount of paste over each Chakra, so that each Chakra gets a chance to begin to absorb the extra layers of this **Warm Orange Fully illumined with Platinum of Goddess of Victory and Copper Gold of Divine Mother**. All three of these Angelic Watchers will go down, fully rubbing it on your hips, rubbing on every inch of your body, and go down the legs, the thighs, the knees, the calves, the shins, the ankles, the front and back and bottom of each feet. **They are going to point it at your Earth Crust Chakra so that a good concentration of it gets absorbed by your Earth Crust Chakra.**

This warm Orange Light aligns you with your Divine Contract

You're going to begin to glow with this Warm Orange Light. Your organs are going to begin to glow with this Warm Orange Light. **This warm Orange Light aligns you with your Divine Contract.** The Divine Contract that I requested on your behalf and it was given, and this Divine Contract is above and beyond all Divine Contracts, it aligns you with the highest aspect of your Soul's Mission. It aligns you with the will of your soul. It helps the Personality Aspects to do as is best for you.

Sometimes Personality Aspects get in a war with one another and then it becomes very difficult to make a decision. Sometimes a decision becomes painful because each of the Personality Aspects pull you in a different direction. Imagine how wonderful it would be when the Personality Aspects are all one-pointedly focused on what is best for you. Nobody gets in the others way and nothing gets delayed, and you know the answers every time you think of something. You know which way you are going, you feel good about going in that direction. Everything lines up for you. Everyone supports you, and all the doors open, and each door that opens brings you greater joy and happiness, greater ability to face the next one, greater determination to do the right thing.

Just knowing the right thing, just knowing that you are on the right path, knowing that what you're doing is the best thing you could be doing for yourselves, for your loved ones, for your soul, for your Soul Lineage is a huge load off of your shoulders, I know that. I know that because as a Mother I watch you. You want to dedicate and devote all your time and all your energy in serving, but there are times when you feel, if I sit and meditate, all this other stuff doesn't get done. I tell you, all that other stuff is also service. If I can help you know that there is joy in the moment of sitting and meditating with Mother and feeling Mother's Energy, there is also joy when you are cooking, when you're cleaning, when you're shopping, when you're at work, when you're at home taking care of children or grandchildren, when you're serving another, that's serving mother too.

Because you live a life in this 3D, where you need to do all things, and you need to do them in balance, I understand that, I know your hearts. I know that sometimes you worry that you didn't get a chance to meditate, and a week has gone by. You didn't get a chance to repeat one of the courses. You didn't take the course because you didn't have time and you didn't have the resources, and you feel badly. Imagine what it would be like when in every moment you know why you didn't take the course. You know it was fine, cause what you were to do was as important as taking the course, and when those worries are no longer holding you in their grip, then somehow the doors open and the time becomes available and the

resources come into your hand at the right time. This is what I mean when I say this Warm Orange Light and the dispensations that have been given and the way things are lining up for you since we moved through the 5th Dimensional Portals is going to be a life of ease and grace. The way things are lining up is going to bring your Personality Aspects to harmony, harmony with one another, that's one big thing, and harmony with the soul that's another big thing.

There is a part of you at times where one wants it this way and one wants it the other way and you get pulled in both directions and you get annoyed and frustrated because you don't know what the right way is, you don't know what the right direction is. Then there is a part where neither this one nor that one is really right, because they are talking so loud, they're screaming so loud they don't let you hear the soul, the voice of the soul, the voice of the Higher Self. **So when the soul and the Higher Self are aligned with the Personality Aspects, when this Warm Orange glow is constantly permeating, transmuting the karma and karmic entanglements, pulling the Platinum Light from Goddess Victory, pulling the Copper Gold from Divine Mother, you are always aligned.**

When you are washing dishes you can be just as blissed out as when you are sitting and chanting the Khadga Mala to Divine Mother or listening to one of the exercises in the meditation. When you sit and watch TV with family members instead of doing your meditation, you won't feel badly, because you know that watching the TV, being with a family member is an offering. That too is an offering to Divine Mother. You can invite Divine Mother to be with you. You can invite Divine Mother to sit inside of you and bathe you with her Light, pour this Golden Copper Warm Orange Platinum Light all around you and around your loved ones.

Angelic Watchers blow the Energies of the Sacred Fire to You

I want you to take a deep breath. I want you to see that the Angelic Watchers are doing something that you may never have had seen before. What they are doing is they are leaning forward into the Fire and they are breathing in, they are inhaling, but the way they are inhaling is as if they are devouring fumes and the energies from the Fire. They are breathing it in as if they are a form of a vacuum. They are breathing it in with their mouth wide open, and you can see this Light and Energy going into them. **They fill themselves with the glow of the Sacred Fire at the Altar of Divine Mother in her 5th Dimensional Retreat, and then they stand in the form of a triangle, one to your left, one to your right, one behind you, and you're at the center, and then they blow, and when they blow they're filling your Five Body System.**

So now your **Etheric Body, the sheath of your Physical Body, is now emanating with that Warm Glow.** Your entire Etheric Body and the sheath around your **Etheric Body are now filled with that Warm Orange Glow.** The entire layer of your Emotional Body and the sheath around your Emotional Body is now emanating with the Warm Orange Glow. The entire layer of your **Mental Body and the sheath around your Mental Body is now emanating with the Warm Orange Glow.** Breathe and see that the last blast is blowing into your Spiritual Body, and the **Sheath around your Spiritual Body becomes aglow, and then it expands into a Golden Orange Light as it illuminates your Light Body.**

It is very important that you focus on your Light Body. You know why? Because your Light Body is the vehicle for you to retrieve 5th Dimensional Energies; **your Light Body is capable of constantly vibrating to the 5th Dimensional Energies and dispersing those 5th Dimensional Energies to your Five Body System, to your Physical Body, to your organs, to your blood stream, to your DNA structure and then through you into the environment around you.** Put a lot of focus on your Light Body. **Always see your Light Body illuminated with a Golden Warm Orange glow encapsulating, encasing your Five Body System.**

I want to tell you that you are welcome at all times to come to this Sacred Fire at the Altar of Divine Mother's Sacred Retreat, in the first floor, the Great Hall of your very own Divine Mother's Retreat.

What I want each of you to do now is to come up and lie down on Mother's lap. Lie down or sit with me, and let me work on your Light Body and your Five Body System. I would like to have 10 minutes with each of you individually. If you fall asleep that is great because I can work even deeper with you. But if you don't fall asleep that doesn't mean you didn't go deep. I want to work with you, I want to energize you, and I want to etch the Energies of these 5th Dimensional Octaves, and most especially the blessing of the Sacred Fire at Mother's Altar and the blessing of this Throne where Divine Mother is seated, into your Five Body System, into your Light Body, into your Physical Body. I want to energize you in this way.

I want to bless and thank **Goddess Victory**, the **entourage of Beings**. I want to bless and thank the **Great Silent Watcher** for clearing the path for this transition from the 3rd to the 5th, to be such a great and easy event. I want to thank all the members of the **Divine Feminine Council**, and I want you to remember that each of you have been given your own **5th Dimensional Angelic Watcher**. So this Angelic Watcher is there for you. You can invite the Angelic Watcher to go home with you, or you can tell the Angelic Watcher that you will come back and visit in this temple. Your Angelic Watcher is always waiting for you, waiting for your instruction. You can sit with this Angelic Watcher whenever and have whatever conversation you wish. You can tell your Angelic Watcher that they are on call 24 hours a day and that would be fine too, because it's their job. They have been called to serve in this way. They are hired by Divine Mother to bless and protect you, to constantly fill you with the Energies. If you feel you need all three Angelic Watchers, you may request that too. It is possible that all three would lend their energies to the one who is your primary 5th Dimensional Guardian Angel. When you come into this temple you can request all three to be available to you.

You may repeat this exercise. Repeating this exercise, each time will etch its energy further into your Five Body System and your Light Body. The more you perform these exercises the more you're able to absorb the 5th Dimensional Energies, the easier it would be for your soul to communicate with your Personality Aspects, the easier it would be for Goddess Victory to guard you and to guide you and ultimately, the better it would be for you to keep retrieving the Highest Path and bringing the best events as they unfold to help you serve the Divine, your own Divine Mission and Divine Mother's Divine Mission. My Divine Mission is intertwined with yours.

I hold you in my own heart. Remember to come and sit with me or lie on my lap and allow me to do some work. I thank you for giving me this time and the opportunity to serve with you. I am your very own Divine Mother. In the entourage of the Beings I bid you love. So It Is.

Nasrin concludes: Thank you everyone and blessings to all of you until next month.

Jim concludes: Thank you Nasrin. Thank you Divine Mother. I thank all of you, until next month, goodnight.
