

## 3/3/2013 Gateway Portal Day

© FAGU 2013

Hello everyone this is Jim and welcome to the 3-3-2013 Gateway Portal Day Channeling. I thank you all for being here and offering your service to this great, great benefit to Earth and humankind, as well as yourself and your loved ones. Here we are at the beginning of March on our way to Spring Equinox in the Northern Hemisphere, Fall Equinox in the Southern Hemisphere. Hope you are all able to take the live course and be a part of the live ceremony on March 20<sup>th</sup> in celebration of Spring Equinox.

Take a deep breath and we will begin.

Once again visualize that you are standing on Uluru, Ayers Rock, in Central Australia - beneath your feet, this great red rock. Be aware that all those on this call and all those that will be part of this meditation in the future are standing with you. Feel their presence, feel this group entity forming the energy that will magnify what we are doing individually into a greater force. As you feel Uluru's presence beneath your feet, your heartbeat begins to beat in sync with that of Uluru. Feel yourself dissolve into this great red rock, this sacred rock of Uluru, very nurturing energy. As you dissolve into it, see the Warm Orange/Orangish Red glow that is Uluru. As you are dissolving through and moving down through Uluru in this 5<sup>th</sup> Dimensional Energy, connect with this Warm Orangish Red Color and with the energies of Uluru as we slide further down a Pillar of Light towards the Earth's Core. As we reach the Core of Mother Earth, see that the Amber Colored Life Force Energy of Mother Earth is everywhere. It fills your Five Body System and your Light Body which is fully illuminated.

We send this Amber Colored Light all the way up, back up the Hara Line, through our Antahkarana Cord, through the Thrones to the Throne of Creation and see it spread out into the Pool of Creation. We call forth the Cosmic Life Force Energy, which is also a bright Amber Colored Light, and we see it mixing with the Turquoise Blue Light of the Pool of Creation. We see also flecks of Platinum Light, the Light of Victory in it as well. We pull it down the Antahkarana Cord all the way through the Thrones, down into the center of the Earth and we will continue to simultaneously send the Amber Colored Life Force Energy of Mother Earth up as we pull the Cosmic Life Force Energy, the Amber Light, down with the Turquoise Blue Light, with flecks of Platinum in it.

Let's all spin and spiral up through the Pillar of Light, all the way up through the Thrones to reach the 122<sup>nd</sup> Throne, the Throne of Divine Mother. Find that you are standing before the Sacred Altar, the flames, Copper Gold Colored Flames, jumping high. We see our own Beloved Divine Mother to your right in her Copper Colored Robes, her headdress, tall headdress of Gold and Copper Gold. Take a moment to connect with Divine Mother, feel her love, feel her pour this Copper Gold Light onto you.

Now we see the presence of the other Great Beings around the Sacred Altar. Goddess Victory is to your left wearing the colors as Patron of the 5<sup>th</sup> Dimensional Octave. The Burnt Amber Colored Light with Gold Filigree is making a crisscross pattern across her Robes and Cape, and she too is wearing a tall 7 tiered headdress. Across the Sacred Altar from us, Great Silent Watcher, Turquoise Blue Light beaming from our Beloved Great Silent Watcher, she's holding her Scepter above this entire entourage with the Turquoise Blue Light pouring out, creating a Dome around all of us.

To Great Silent Watcher's right a Silhouette of Emerald Green, this is the Perfected Presence of the Masculine Aspect. To Great Silent Watcher's left, a Silhouette in Pink and Gold, the Feminine Aspect. To our left beyond Goddess Victory, Cosmic Mother of the Universe, Vibrant Pink Light pouring from

her and to the far right beyond Divine Mother is Cosmic Mother of the Cosmos, her Amber Colored Light beaming to us and to the fire. Directly behind us the Three Omniversal Mothers, the first Mother in Purple Robes, the second in Aqua Marine Blue Robes, the third in Clay with Gold colored Robes. See the 144,000 Silent Watchers standing shoulder to shoulder in circles upon circles around our group and also beyond them ten billion Watchers all in Turquoise Blue.

Take a deep breath and make your offerings to this Sacred Altar of Divine Mother. As you do that, see once again, as Mother is beaming to your heart from her own heart her Copper Gold Light which is forming Cocoons around each one of your Five Body Systems and your Light Body, while Victory pours her Light over you, creating a Five Layered Sphere of Platinum on the outside, then Yellow, then Pewter, then Lavender and finally Plum Colored Light. Also see the filaments of Gold that are spinning off your Light Body, which is fully illuminated, and from each one of these Beings forming the Golden Bridge to the Fifth Dimensional Octave. It gets more vivid every time you go into meditation and create this Bridge, stronger than ever, more vibrant as we altogether walk across the Bridge towards the 5<sup>th</sup> Dimensional Octave through the tunnel.

The Bridge becomes a tunnel through the 4<sup>th</sup> Dimensional Octave, an impenetrable tunnel. Victory in the lead, Great Silent Watcher behind all of us, we move into the 5<sup>th</sup> Dimensional Octave. You can see the Golden Light, the layers of the 5<sup>th</sup> Dimensional Octave, and you can see in front of us Divine Mother's seven tiered 5<sup>th</sup> Dimensional Retreat. As we reach the hexagonal gate we see the colors of the rainbow repeat in sequence in front of us as the gate opens and we move towards the Retreat of Divine Mother. It's glistening in all the colors of the rainbow.

### **At Divine Mother's Sacred Retreat in the 5D Octave**

We move into the Retreat towards the Sacred Altar. Italian Onyx on the floor, the translucent stone, veins of green, dark red, dark brown with the beige to yellow clouds of color within this stone, as if it is backlit. See the walls of this 40 foot tall layer of this Retreat in Warm Orange, glowing. See the Angelic Watchers all standing around singing in celestial sounds, and as you approach this Sacred Altar, visualize your own Angelic Watcher, the one that's assigned to you standing before you. Take a moment, make your connection with this Angelic Watcher that has been assigned to you to help you adjust and acclimate to the Energies of the 5<sup>th</sup> Dimensional Octave. It's a Feminine Being glowing with this Warm Orange Light. She takes you by the hand and walks you up to stand next to the Sacred Altar, Warm Orange Colored Flames jumping high.

Across, you see Divine Mother sitting on her Throne, the entourage all around us. Now see that your individual Angelic Being, the one assigned to you, and two other Angelic Watchers join her and from the Sacred Fire they take the Sacred Ashes, and in the palms of their hands they walk to stand before Goddess of Victory. Goddess of Victory holds her hands over the Sacred Ashes imbuing them with energies of Victory. When she is complete the three Angels walk before Divine Mother and she holds her hands over the Sacred Ashes and she imbues them with the Warm Orange Light and she seals it with her Copper Gold Light.

Now they walk to you to form a triangle around you, one in front of you, one behind your right shoulder and one behind your left shoulder. **They will rub this paste from the top of your head all the way down to your feet, this Warm Orange paste, this Warm Orange substance with the Platinum Light and the Copper Gold Light specks within it. Rubbed all over your head, your face, your eyes, your throat, your torso, it sinks into your Physical Body imbuing your organs, your muscles, your circulation system, your nervous system all the way down to the DNA and as it fills every iota of your Physical Body. It expands out to imbue your Etheric Body, your Emotional Body, your Mental Body, Spiritual Body, and finally your Light Body with the energies of this Warm Orange Colored Light with the speckles**

**of Copper Gold and of Victory's Platinum.** This Warm Orange Light which brings you into alignment with your Divine Purpose. The Highest Purpose aligns your Personality Aspects with your Soul and your Soul Purpose.

Now as the three Angels have completed rubbing this paste on you, they step over to the Sacred Altar, they bend into the Fire and breathe in these flames, these Sacred Flames which are the Element of Fire brought to a high enough vibration that it does no harm, it does only good. The three Angels come to stand around you in a triangle once again, and they blow the Light from this Sacred Fire into your Five Body System, into your Physical Body, into your Light Body, reinforcing and enhancing the energies that Divine Mother has brought in this Warm Orange; that will help you always be in alignment with your Highest Divine Purpose, that will help you not be delayed or distracted because the Personality Aspects are no longer, or not in alignment with your Divine Mission and not able to see the bigger picture and make the choices that will accelerate you on your path, smooth things out on your path and make every day easier, more productive and more sacred to you and to Divine Mother and more productive in serving your Divine Mission and the Divine Mission of Divine Mother.

Now that you fully received the Warm Orange Energies, the Warm Orange Light with shimmers of Platinum and Copper Gold, every one of your organs is glowing with the Warm Orange Light, your body, your Five Body System, each one of your Five Bodies glowing, your Light Body fully glowing in this Warm Orange Light.

Step over to the Sacred Altar once again and take a moment, make your offerings, set your intentions. I will give you a moment.

The next voice that you hear will be that of our Beloved Nasrin. I thank you with all of my heart. So It Is.

### **Nasrin Begins (17:13)**

Hello everyone and welcome. Let us take a deep breath. We are in the company of great Beings. We are in the Retreat of Divine Mother in the 5<sup>th</sup> Dimensional Octave. I want to mention that if your dreams have been weird in the past few months, since we moved into the 5<sup>th</sup> Dimensional Octave, and if you have dreams of war and weird stuff it's all because all those Alternate Realities that no longer serve us are coming in dreamtime to be cleared. It is if we are releasing the karma of them by witnessing them. So we are serving while we are sleeping by seeing these Alternate Realities and bringing them to the surface. These are all hidden Realities that could of possibly happened but we have received a New Divine Plan.

We have Cosmic Guardians who are watching the New Divine Plan, this Warm Orange Light that Divine Mother gave us on 2-2. The Cosmic Guardian of the Divine Plan that she has requested, are all serving us by releasing and removing from our slate those plans which could have been, would have been in our Reality, had we not been moved to the Higher Dispensation. The Higher Dispensation is one where a Divine Plan has stretched and there are Cosmic Guardians and Angelic Beings who are watching it and guarding it, and the stretching of this goes through past into present and future so that we are creating a whole new spectrum of time. In this new time, because there is a past that it is a good past, that gives us momentum (from the higher perspective) to our present changes, and because the past and present are in a good place, our future changes will be improved and we can live the 5<sup>th</sup> Dimensional life as if we know how to do it.

The truth is we don't have a map. Our Bodies are not even 5<sup>th</sup> Dimensional yet. Divine Mother said it would be a few hundred years at best before our bodies become fully 5<sup>th</sup> Dimensional. We're still

working with 3<sup>rd</sup> Dimensional Bodies. She explained that the mutation from the 3<sup>rd</sup> Dimensional Body to the 5<sup>th</sup> Dimensional Body will take a while. By activating our Light Body, and keep putting these different Lights into your Five Body System, she's raising our vibration so that we would be the bridge for that mutation to happen. We would be the momentum that allows the acceleration for that mutation. So these dreams that are weird or weird events that are coming to the surface, even in terms of what is happening in our world and what is happening in our towns and cities and in our communities and even within our families, weird stuff is coming to the surface to be released. **We don't need to own it, we can be an observer, and we can release it. We can call upon Goddess Victory; we can go into Divine Mother's Retreat right here where we are. We can stand before the Sacred Altar; we can offer it to the Sacred Altar.**

Imagine that we are taking the Sacred Altar and throwing it at situations and circumstances that need to be released, that their karma needs to be transmuted. In fact let's just do that. Let's go stand very close to the Altar. Remember Divine Mother said to us, stand in front of the Altar and bend forward and look so closely at the fire, let the fire be absorbed through your eyes, and then she said open your mouth and breathe it in. That was what we did last time. Let's open our mouth and breathe it in. As you are breathing it in, let it reach every organ of your body, your skeletal - muscular structure, your blood circulation, every cell, every iota and the DNA within each cell. Then let it seep out into the Five Body System and the Light Body and then further, let it extend to events and circumstances, even our weird dreams, and transmute the karma of it.

If you know someone who is in trouble, whether they have health issues, emotional mental issues, or financial problems, whether there are children who have these diseases that are the outcome of the impurity of our world, or their parents who are beside themselves, just blow this fire that accelerates the release of karma. Imagine that you are breathing it in and blowing it out. Imagine that your Five Body System is filled with the energy of it. Your Light Body is fully recalibrated. The mutation into us vibrating 5<sup>th</sup> Dimensionally is happening and now we are helping our world, our small communities, our villages and our hamlets and our towns and our cities and our states and our countries and all the nations, our brothers and sisters, we are one globe. We are the citizens of one world. Blow the breath of life, blow this fire that raises everybody's vibration and clears and cleanses the past, the present and the future which is the old path, and allows the seeping through of the New Divine Plan.

The Warm Orange is everywhere. Isn't it interesting that the fire is the same color as the color of this Light which we have been given that raises our vibration and establishes the New Divine Plan. So if events and circumstances around you in your own lives and in the lives of your loved ones, or people that you know, or around the world are making you weary, making you upset, making you think, well I thought if we went into the 5<sup>th</sup> Dimensional Octave things would be better, things would be different, then think again. Remember we talked about pain having to come to the surface to be released. Dark and sinister forces need to come to the surface to be released. If that darkness is manifesting in weird dreams or manifesting in weird events and circumstances, so be it. We don't need to get involved in it, not mentally, not emotionally, nor physically. We can just let it go. We can just blow the breath with this Warm Orange Life Force, that fire which has transmutational properties beyond our 3<sup>rd</sup> Dimensional Fire.

Our 3<sup>rd</sup> Dimensional Fire burns indiscriminately, that's what Divine Mother tells us. The fire itself has gone awry but the 5<sup>th</sup> Dimensional Fire burns the karma and leaves the good, leaves our material possessions untouched, it removes the pain, it releases the diseases, it raises our vibration. So remember in the course of this month as we approach spring, and then Easter is coming up at the end of the month, let's remember that we have this tool that Divine Mother has given us, blowing the breath of life, this 5<sup>th</sup> Dimensional Fire, this Warm Orange Light and we can blow it into every circumstance, every situation, from our kids and grandkids who are going to school and come home and are upset about one thing or

another, to wars that are happening around the world, to earthquakes and tsunamis and floods and hurricanes, to our dreams.

Let's take a deep breath as we join Divine Mother.

### **Divine Mother Begins** (27:01)

My beloved Children of Light, I hold you with great warmth and great love in my own heart.

I would like to tell you in the last couple of weeks the energies have been intensified. If you have been feeling the intensity of the energies, you are in the right. We are trying to establish this Warm Orange Light. The other thing that we have been trying to establish, and it is of utmost importance, is what I am about to give you. We are trying to establish the 5<sup>th</sup> Dimensional Energies, the Perfected Aspect of the Five Elements. To receive this, I would like to petition Goddess Victory to come forth and stand before the Sacred Altar. I would like her to pour her Pewter, Platinum, Lemon Gold Light, the Triple Light which she has brought to Earth, into the Sacred Fire. Taking some Sacred Ashes, pouring her own Light, adding her Light to the Warm Orange and Copper Gold of Divine Mother and then she will bathe your primary Guardian Angel, your Watcher. She will bathe your Watcher with these energies so your Watcher will be aligned with Goddess Victory when she's guiding you, when she's working with you, when she's is guarding you and your loved ones. There's a Platinum shimmer that is in the Light that is emanating from this Being.

Now the Angel will come and stand behind you to hold energy with her hands up, her wings stretched wide open. The other two Angelic Beings who have come to assistance for each of you, your triangle of Angels, one to your left shoulder, one to your right shoulder, they all stand in position, arms stretched out, wings stretched out beaming you the Warm Orange Light mixed with Copper Gold and Platinum, the Platinum of Goddess Victory. Then Goddess Victory herself will stand in front of you and from the top of your head to the bottom of your feet she will rub the mixture of the Warm Orange, Copper Gold and Platinum, Pewter, Lemon-Gold.

In the course of the past year in our Portal Day Gateway channelings, we've had many an occasion where we have petitioned Goddess Victory to rub a certain paste on your bodies. Mostly the substance that has been used is the substance of the Sacred Ashes that becomes a paste once the Light of Goddess Victory touches it. This paste has rejuvenation properties, it has Victorious properties, it has Divine Mother's nurturance and it has the Warm Orange Light which is the Divine Plan for Earth and humankind, as we move to fully embrace the 5<sup>th</sup> Dimensional Energies and as the process of mutation into Higher Light happens.

Some of you may not like the word mutation because it has been used in ways that connote some kind of messing around, like a mutation of genes, in genetic engineering, but this mutation is all we do to bring you Light. Really what we are saying is that this is a metamorphosis. You're morphing into Higher Light. You are absorbing the Higher Light. It's the butterfly coming out of the chrysalis and you are the butterflies. You are the first ones who are hatching and coming out and you're going to be guiding the others. I think you like this better to say. It's the butterfly that's coming out of the chrysalis. That's the process of mutation which I am talking about. You are absorbing the Light; you are gaining your wings. This is the metaphor for saying that your Five Body System will be filled with Light; your Light Body will be filled with Light. You'll be able to traverse between the 3<sup>rd</sup> and the 5<sup>th</sup> Dimension, and each time that you do this back and forth you're helping the 3<sup>rd</sup> Dimension and you're helping the 4<sup>th</sup> Dimension. You are helping those who have been left behind, even those who haven't awakened to have a chance to absorb more Light, to have their own metamorphosis, to have their own ability to absorb more Light,

build a chrysalis around themselves, look for the possibility of coming out as the equivalent of the butterfly, 5<sup>th</sup> Dimensional Ethereal Beings, Soulful Beings.

Goddess Victory is almost done rubbing it all over your body as the Angels are magnifying, each of the Angels themselves, are vibrating to the same Warm Orange - Copper Gold Platinum and Light. Now Goddess Victory is going to bend forward towards the Sacred Fire and do what I asked you to do in our last session. She is going to look into the fire and then she is going to breathe an enormous breath. As she breathes this Light in, you are going to see her body become filled with Warm Orange Light and Platinum Shimmers. Then she is going to come close to you and she is going to ask that you open your mouth, and she's going to breathe it into your mouth. What goes into your mouth reaches into the organs. What spreads around you, remember she is 40 feet tall, what spreads around you will be absorbed by your Five Body System and your Light Body. As she's doing this, you're going to become aware that Angelic Cosmic Beings are arriving on the other side from where you are standing with Goddess Victory and your three Angels.

Notice that seven Spheres have appeared and they're spinning, seven big Spheres of Light, each of them illuminated with a different color Light. The process of this ceremony of Goddess Victory going back to the Fire, breathing it in, coming to you and blowing it on you and into your mouth will be repeated two more times, she will do this three times. While she's doing this I want you to be aware on the other side of the Altar there are seven huge Spheres spinning from left to right. The first one on the left is a Sphere that is spinning a **Platinum Light**, the second one a Sphere that is spinning **Golden Light**, the third one, it's a **Crystal Clear Sphere**, that as it spins it's as if it catches the Light, and all the Lights of the Rainbow are emanating from the other side of this crystal to you, the fourth one has a Lemon Colored Light added, a **Yellowy Sphere** that is spinning.

So we have Platinum, we have Gold, we have Clear, we have a Crystal with Lemon spinning and then we have the color of the Fire, that **Warm Orange** mixed into the color of Fire, that's the fifth Sphere, the sixth Sphere is **Azure Blue** and it's from the very deep dark blue to the very light blue, like a greenish blue, and the seventh one is the **range of Greens**. They're all spinning, and as you notice going back to the first one, once this spin starts to slow down, it's as if the image of a Being begins to appear. You may see it as the image of an Angelic Being or a human being. Be aware that Goddess Victory has gone back to repeat for the final time, this is the third round. She's gone back; she's breathing the Warm Orange Fire into her own lungs, into her own body and returning to pour it on you, into your Five Body System recalibrating your Light Body.

On the other side of the Altar, the first of the seven, the Platinum Being, has turned into a Feminine Angelic Being, a feminine looking Being wearing Platinum Shimmering Light Robes. The second one is a Masculine Being wearing Golden Shimmering Light Robes. The third one is as if it is a big huge Pillar of Crystal Structure, as if you can go into a huge clear quartz. The fourth one is another Feminine Being emanating Crystal Clear, like a cube of ice with a Lemon Colored tint. The fifth one looks like tongues of fire. The sixth one looks like the sky reflected into the water. The seventh one, the final one, looks like a landscape filled with green. So this green one represents the Element of Earth, green, abundant, healthy Earth, and this Being is the Cosmic Guardian of Earth in its Perfected 5<sup>th</sup> Dimensional Essence.

I want you now to walk behind Goddess Victory with your three Angels, and stand before this Angel, this Being whose body is like the landscape of Earth, whose body reflects the Perfection of Earth. You can go forward, as Victory is blessing each of these Beings, whether the Being is a Crystalline Structure or a Sphere that reflects the Green Light of Earth or a Sphere that reflects the waters of earth, the fires of Earth in the 5<sup>th</sup> Dimensional Perfection. Goddess Victory is blessing each of them, and as she blesses one and moves to the other, you go to that one, to the one she has just blessed. It is up to you if you want to merge with the Being or just greet and shake hands and feel the presence and heal one another, exchange

greetings. It's up to you how you would like to greet each one, but as you greet each one, allow the energy, the Perfected Essence of that Element to be absorbed in your Physical Body, your Five Body System, and your Light Body. It will juggle the memories of what it's like to be 5<sup>th</sup> Dimensional; your DNA structure carries those memories. You have been 5<sup>th</sup> Dimensional before. There are aspects of you, fragments of your own soul who are living 5<sup>th</sup> Dimensionally at this present moment. So it is easy to connect with them when you do have a map and each of these Angelic Beings, each of these Guardians is presenting you with a map, because their body speaks the language to your DNA, it speaks the language to your Five Body System, it speaks the language to your Light Body, it recalibrates your Light Body. It reminds your Light Body of the perfection that you have had, that you have held within, and it certainly isn't around in this lifetime, in this polluted version of Earth but the memories are there, so when the memories come to the surface you can be accelerated. The butterfly can come out of the chrysalis faster. Life can move forward in the right direction with greater focus, making shortcuts, finding simpler ways, finding easier ways to get to the goal, knowing what the goal is. The Green Sphere reflecting the Element of Earth.

Goddess Victory has finished blessing the second one, the Blue Sphere reflecting the Element of Water, the sky reflected in the water, the water reflected in the sky. Once again it's up to you if you want to merge with the Being, you want to shake hands, you want to greet, you want to send your love and healing and receive back love and healing, it's up to you. Elements of Water, pure pristine waters, where the creatures of the water have a chance to thrive, where the extinct species are back living a happy normal life, where all creatures live in peace and harmony and the waters are filled with life force, filled with healing, filled with love.

Goddess Victory is blessing the third Angelic Guardian, the Cosmic Guardian of the Fire and as she moves from the fire to the next one, you go stand before the Angelic Being of the Fire, whose body is made of tongues of fire. Warm Orange Light is emanating and once again, it's your choice how you would like to greet this Being. When the 5<sup>th</sup> Dimensional aspect of Fire is fully in residence, then fire would not indiscriminately destroy, it will burn to provide heat, it will burn to release karma, but it will not harm, and this fire this Cosmic Guardian is here to make sure that is what's happening. The exchange between you and this Being will allow your DNA structure to recall the memories of what it is like to live in harmony with fire. To receive the heat, to receive the love, the transmutational properties, and not be afraid of being destroyed, not be afraid of the fire destroying your possessions, going rampant.

Goddess Victory is blessing the next one and moving on. This one is a Crystalline Being with Yellow Life Force emanating from it, Element of Air, pure pristine air, air that you can breathe and fill your lungs and not have any pollution enter into your body and being. Stand before this Being, greet this Being and merge with this Being, fill your own lungs with this presence of the pristine and pure aspect and let your DNA structure remember, your Five Body System be illuminated, your Light Body be recalibrated and the dormant aspects of your Light Body to become awake to become active once again.

Goddess Victory has exchanged energy and blessed the next Being and is moving on. You stand before this huge Pillar of Crystalline Structure like a clear quartz crystal that has no clouds in it, no pollution - the Element of Ether. This one; I definitely want you to step into this Pillar. It would allow you to stand in the center and breathe the Etheric perfection and let your body become accelerated in its mutation into becoming and Ethereal Being, a 5<sup>th</sup> Dimensional Being. If you don't do any of the others, do this one for yourself. The others I ask you to repeat this exercise in order to etch the presence of the 5<sup>th</sup> Dimensional Perfected Presence of the Five Elements into your body, through your Body into your Personal Body Grid and through your Personal Body Grid into the Planetary Body. That's your service, but to raise your own vibration the fastest, if you only have time to do one thing, come up here and merge after you have received the blessing from Goddess Victory and the paste from Victory. Then merge into the Being, this Pillar of Crystals, this clear quartz crystal looking Being. Merge into it and let your Five Body System,

your Light Body, be fully recalibrated, because your Etheric Body, your 5<sup>th</sup> Dimensional Body can connect with you when you are inside, and that will help your Light Body to reignite all the dormant parts of your Light Body to become alive again, to become active again, to be recalibrated.

Now this is the Five Elements, so how is it that there are seven Angelic Beings, seven Cosmic Guardians? Goddess Victory is greeting the two together, the two remaining ones. These two, the Golden One is the Masculine Principle for the Five Elements and the Platinum One is the Feminine Principle, so you can say that these are the head guardians. **These two hold the Blueprint of the five, one embodied in the Feminine Polarity, the Magnetic, the other one embodying the Masculine Polarity, the Electric. So the Electric/Magnetic Force Field of the Five Elements will remain in perfection. Those Five Beings will keep going to the two to merge in order to maintain their own perfection, in order to not be polluted. This is why we have seven Beings that have come to anchor the energies of the Perfection of the 5<sup>th</sup> Dimensional Aspects of the Five Elements.**

Now I want you to go and stand with Goddess Victory in the company of your three Angels and greet the Masculine Principle in the shimmering Gold Light and the Feminine Principle in the shimmering Platinum Light and again it's up to you here if you wish to merge with them or simply greet them, send them love, exchange love again.

I will conclude this session by asking you, that when you are finished, I want you to go back to the Element of Ether, the big huge Pillar of very clear crystal and stand in the center. Tonight when you go to bed I want to ask you to go back there, and in the morning when you arise I want you to envision yourself in that Element. Whenever you feel that your body, your being has picked up impurities, remember the Perfect Aspect of the Five Elements, and remember the Masculine and the Feminine Guardians for the Five Elements. You are always welcome to come to this temple in Divine Mother's Retreat in the 5<sup>th</sup> Dimensional Octave, sit before the fire, sit with your own Mother, sit with Goddess Victory, sit with your Angelic Beings and now you are more than welcome to come and sit with the **Seven Cosmic Guardians of the Five Elements.**

I hold you in my own heart with great love and gratitude. It is because of you that we can do all of this. Because of you we can accelerate the entire planet and the 3<sup>rd</sup> Dimensional Realm into Higher Octave.

I Am your very own Divine Mother. So It is.

Nasrin concludes: Thank you everyone and goodnight.

Jim Concludes: Thank you Nasrin, Divine Mother, Victory, and all of you, goodnight.
