© FAGU 2013

Hello everyone, this is Jim and welcome to the 9-9-2013 Gateway Portal Channeling. Welcome to all of you, I thank you all for being here and offering your service. Tonight, here we are in September, fall is beginning in the Northern Hemisphere and we're moving towards the Fall Equinox. We're moving out of the month of August and the energies that Divine Mother told us of have been so chaotic and we certainly experienced them as being chaotic. We're moving into September now and out of those energies, even though it still feels a little bit skewey with the energies, but they are definitely beginning to subside, even though they are still a little bit dynamic, from my point of view anyway.

We want to mention a couple of things about the website. Most of you are aware that we created IndigosAwaken.com website, primarily to give the young people, the Indigos, a place to connect with other Indigos and to get information about their mission, to provide a hub for them to find all kinds of resources that are beneficial to them, as well as their parents and their guardians, teachers and others who work with the young people. We want to, we really want to develop this site, and we're asking all of you to participate in this, and you can in a couple of ways. We are announcing tonight, and we will send out an email tomorrow, that you may make donations to this site, IndigosAwaken.com, and on the front page of the site there is a donation button. The money goes to the Margarite Batease Fund, which is a nonprofit that supports the Indigos site and the work that we do with the Indigos, and one way you can support this site is by making a donation. We will be sending a gift of a crystal to anyone who makes a donation and Nasrin will talk a little bit about that when she begins, so that's a great way to contribute to these young people and to this site. A crystal blessed by Divine Mother will be your gift.

In addition to a gift of money, there are also other ways that you can help spread the word. You can donate your time to the IndigosAwaken.com site as well as the Waves of Bliss site and the Path to Enlightenment Mystery School site. Those of you that participate in social media, you can "like" the pages on the Waves of Bliss site, you can read the blog specifically that is posted on the IndigosAwaken site, and you can find the blog in two ways. Along the menu bar across the top of the homepage of IndigosAwaken.com, it says blog, and you can click there to read what's been posted, and to offer your own comments to any of the posts that you feel moved to do so. You can also find the blog by dropping down on the front page, the homepage of the IndigosAwaken.com site. Also, there are three boxes in the center and you can find in the text where the blog begins as well that way. Commenting on the blog and putting your voice to be heard and to energize and put your energy into the IndigosAwaken.com site is a great, great way for you to support that site. The more people that post their comments the more it gets noticed on the web and the more Indigos will be drawn to this site.

Another thing that you can do is to go on any of the Amazon.com or Barnes and Noble websites and under Nasrin's books or under Surfing Realities comment on the book and make a

recommendation. Those kinds of things go along way to bringing attention to the Waves of Bliss site and to the IndigosAwaken site, and we encourage you to do that.

As far as the Surfing Realities book goes, there have been some problems with the printing and that's been delayed a little bit, I apologize for that, but we're getting the printing glitches straightened out and that book will be available within a week, I hope. So that's an explanation to some of you who have been waiting for us to send you the book, there were printing problems. I don't think Divine Mother wanted the book or anything to come out with all the skewey energies of August, so now I think we're ready to launch.

Please support the work that Nasrin and I do and Divine Mother does with us, by going on the websites, posting blogs, finding the books at different places and commenting on them, if you've read them and you enjoyed them, and if you liked the websites and you want to support them and you want to bring people to them. The more activity there are on the sites the more they get noticed by the search engines on the web and the more people get pulled to the site when they're asking for some of the subjects that we post in the site.

I thank you for everything that you do energetically. you work so hard for Divine Mother, and for this Earth and humankind. This other way that I mentioned, most of you probably already know it, but I wanted to make those of you who may not know, aware of some of these little things that can be done that are very helpful.

So take a deep breath and we will begin.

Grounding Meditation begins (6:57)

Visualize that you are standing on top of Uluru and be aware that everyone on this call is also standing there with you. We create a Group Entity and I want to remind you as we begin this grounding meditation how important the grounding is. How important it is that you be anchored into this Reality, into Mother Earth, when we do these sessions. That through this grounding you're also being cleared of any dross within your body and energetic bodies to make it more possible for you to visualize better, to reach even higher energetically during the meditation, and to hear Divine Mother's messages on every level, even the depths of your subconscious as she delivers her messages.

So standing on Uluru, feeling Uluru, we begin to dissolve into Uluru, slowly cascading down through a Pillar of Light. See the Warm Red Light of Uluru around us and as we are moving down through Uluru, send out from the bottoms of your feet and your Root Chakra the roots. Send your roots down to wrap around the Core Crystal of Mother Earth. See that a tree trunk, the roots of a tree, wrap around your roots holding them even tighter to Mother Earth and see the tree trunk form all the way up around you, all the way up through the Thrones to the Pool of Creation where it spreads out, the branches and the leaves of the tree spread out into the Pool of Creation. See that the tree trunk has Emerald Green on the outside, bathing everything within the tree trunk, in the Energies of Abundance.

See that the Amber Colored Light, the Life Force Energy of Mother Earth is being pulled now. Pull it up from the Core Crystal, up through the root system into the tree trunk, up through the bottoms of your feet, your Root Chakra, filling all of your Chakras with the Amber Colored Light, your Energy Bodies within the tree trunk, within the outside of the tree trunk, all filled with the Amber Colored Light. See it move all the way up to the Pool of Creation, spreading out into the Pool of Creation and linking Mother Earth with the heavens.

Now see Great Silent Watcher standing over the Pool of Creation pouring the Turquoise Blue Light from her Scepter into the Pool. It fills the tree trunk, fills your Light Body, hits the Eighth Chakra above your Crown filling the Six Pointed Star, filling your Light Body, moving down through your Chakras into the Earth Crust Chakra, filling that Six Pointed Star and moving all the way down to the Core Crystal, imploding exploding and moving back up again magnified.

Now see the Warm Orange Light of the Guardian of the Divine Plan pouring into the Pool of Creation, it pours down through the tree trunk into your Spiritual Body, the next Energy Body coming from the outside in, the Light Body is the first in Turquoise Blue and then the Warm Orange, the Spiritual Body, moving through the Eighth Chakra above your head and Earth Crust Chakra as it moves through your body and down into the Core Crystal, it is magnified and moves back up again.

Now in the Pool of Creation see Goddess Victory pouring the Frosted Blue Color with Platinum Shimmers into the Pool of Creation. It moves down through the tree trunk, filling your Mental Body with the Frosted Blue Color with Platinum, moving down into and through the tree trunk, all the way down to the Core of the Earth, imploding exploding and magnified moves back up again.

Mother of the Cosmos pours the Amber Colored Cosmic Life Force Energy into the Pool of Creation, down the tree trunk through the Eighth Chakra, the Crown, into your body, filling the Emotional Body and down into the Earth's Core imploding exploding, magnifying itself coming back up again.

Now Sanat Kumara and Mother of the Universe are pouring Fuchsia Pink Light into the Pool of Creation. It pours down through the tree trunk into your body, into the Etheric Body, moving all the way down through your Chakras, through the Earth Crust Chakra to the center of the Earth, imploding exploding, magnified, coming back up to magnify the energy in your Etheric Body as all these Lights have done, moving through you to the center of the Earth and coming back up magnified to fill each Energy Body that they correspond to, with the magnified Light.

Now see our own Divine Mother pouring the Copper Gold Light into the Pool of Creation. It pours down through the tree trunk into your Physical Body, down through your body all the way to the Core of the Earth, magnified and back up again. See the Copper Gold Light, mostly Gold of the Physical Body, the Fuchsia Pink of your Etheric Body, the Amber Colored Light of your Emotional Body, the Frosted Blue with Platinum Light of the Mental Body, Warm Orange of the Spiritual Body and the Turquoise Blue of the Light Body, as you're moving down through the Pillar of Light, still through Uluru all the way down to the center of the Earth.

Now visualize that you're standing at the center of the Earth before the Sacred Altar. See the flames jumping high in the Great Hall in the center of the Earth and see that to your right our own Divine Mother stands in Copper Gold Robes, Seven Tiered Headdress on her head sending you warm, warm love and gratitude, bright Ceremonial Robes in Copper Gold with a lot of Gold Filigree, the Cape around the collar draping down over the Copper Gold Robes.

To your left our Beloved Goddess Victory, Seven Tiered Headdress also on her head, all in the Amber Colors with the crisscrossing Filigree Gold to the Headdress to the Cape to the Robes of our Beloved Victory. Both Mother and Victory holding their Scepters, Victory holding her Flame of Victory.

Across from us, across the Sacred Alta, Great Silent Watcher is towering above us, holding her Scepter above this entire entourage in Turquoise Blue Robes with trim around the collar, and trim down the Cape. It's a light colored trim, with round Turquoise gems all the way down, a wide trim all the way around the collar, all the way down the Cape.

To her right is a Silhouette of Emerald Green of the Perfected Presence of the Masculine. To Great Silent Watcher's left is the Perfected Presence of the Feminine in Pink and Gold Silhouette. Our own Guardian of the Divine Plan is next to her in Warm Orange Colored Robes. The Robes of all the Divine Feminine Beings tonight are very ornate in brilliant beaming colors.

Now look to your left and see Mother of the Universe in her usual place beyond Victory, to your far left towering in her Vibrant Pink, and to your far right beyond Divine Mother, Mother of the Cosmos in Amber Colored Light, Light Amber Color and Honey Colored Amber beaming from her Robes.

Behind us stand the Three Omniversal Mothers, our Omniversal Mother in Purple, Aquamarine Blue of the second Omniversal Mother, and the third Omniversal Mother in Clay Red and Gold.

See 144,000 Silent Watchers standing shoulder to shoulder in circles around us, beaming Turquoise Blue, and ten billion Watchers in Turquoise Blue.

Now see in front of you, our Beloved Sanat Kumara is standing in front of you. He in his Fuchsia Pink Robes, Pink Magenta Cape, Gold trim, large Golden Crown with a Magenta Colored Stone in the front. See Sanat Kumara's Personal Heart, Cosmic Heart Chakras pulsing to your Personal Heart, Cosmic Heart Chakras Fuchsia Pink beams of Light. The pulse turns into a continuous stream of Fuchsia Pink and you're totally engulfed in the Fuchsia Pink Light of Sanat Kumara, the Planetary Logos, our father, our teacher, our mentor, our everything here on planet Earth: held in the embrace of the Divine Feminine, of Divine Mother and the Cosmic Council of the Divine Feminine.

See that he takes both of his hands, places them over his Cosmic Heart, Personal Heart Chakras, and from his Cosmic Heart, Personal Heart Chakras he brings a Sphere, a Fuchsia Pink Sphere, and inside there are Twin Flames in Fuchsia Pink with a little bit of Purple. See the flames move from two to one to two as he holds it next to your chest and it's absorbed into your Cosmic Heart, Personal Heart Chakras. The Twin Flames in this Sphere begin to spin within your Cosmic Heart, Personal Heart Chakras and Sanat Kumara places both of his hands over your Cosmic Heart, Personal Heart Chakras on your chest, and you place your hands over his, connecting with our Beloved Sanat Kumara. And be reminded to connect every day, every morning as you get up, be with Sanat Kumara, and have him with you during that entire day, as well as at night. Before you go to bed, connect with Sanat Kumara to be with him in dream time. Talk to him, tell him how you feel, tell him what needs to be done in your life, tell him what you need to have to be able to serve in abundance, serve your family, your loved ones, yourself, this Earth and humankind and serve the Divine Feminine as well as Sanat Kumara.

Feel this Sphere spinning and Sanat Kumara's Energy engulfing you. Now see our own Beloved Victory towering over Sanat Kumara. See the Bubble of Frosted Blue and Platinum Shimmers encasing you and Sanat Kumara, completely holding you and Sanat Kumara within the Energies of Victory. Victory has offered her Light, her support, her Energies of Victory to Sanat Kumara and to each of us, that we may be victorious in all our endeavors, and that Sanat Kumara may be victorious with his Divine Plan, as well as our Divine Plan which connects to the Soul Lineage of Sanat Kumara.

Breathe and bathe in these Energies as you establish yourself within the Bubble of the Energies of Victory and now see Great Silent Watcher towering over Victory and Sanat Kumara holding us all in the Energies of the Turquoise Blue Light of the Great Silent Watcher.

Divine Mother had received a dispensation from Great Silent Watcher in our last event in August. She received a dispensation to be able to tell us that Great Silent Watcher had offered herself in service and that we may call on Great Silent Watcher for clearing and cleansing of our Light Body, of our Energy Bodies and our Physical Bodies as the dross was coming to the surface in August and continues to come to the surface. We're reminded that we can call on Great Silent Watcher, she's offered herself in service to us, our loved ones, to anyone that we want to send the clearing Energies of Great Silent Watcher and send to the attention of Great Silent Watcher, she's given us permission to do that.

So see this huge Bubble of Turquoise Blue that engulfs the Bubble of Victory, the Energies of Sanat Kumara and us within it. Feel the Turquoise Blue Light of Great Silent Watcher's clearing and cleansing Light. As you continue to establish yourself in these energies, I will give you a moment to set your intentions, to offer your gratitude, love and service to Great Silent Watcher, to Victory, to Sanat Kumara, and to our very own Divine Mother who has brought these Great Beings to our service and who stands by our side in all that we do. We thank Divine Mother and we offer ourselves in service to the Divine Feminine and to Divine Mother who made this all possible. With all our love we offer ourselves in service to Divine Mother.

Take a moment, set your intentions, and say your prayers. I'll give you a moment and the next voice you hear will be that of our Beloved Nasrin. I thank you with all of my heart. So It Is.

Nasrin begins (25:05)

Hello everyone and welcome to 9-9-2013. Be aware that you are standing amidst of all these Great Beings and for a moment put yourself in your consciousness. There are a couple of things that I would like to mention to you. One is that the IndigosAwaken.com needs your help. We need to do some fundraising in order to be able to go on and expand this site and add to it the part where we offer the courses at very low discounted fees. We need to raise some funds and we have ordered some amazing little, large and medium sized double terminated crystals. These are clear quartz double terminated crystals, extremely powerful. I just received them last week and I had the thought and I put it to Mother and she liked that.

Anyone who makes a donation, please make it to IndigosAwaken.com site, it is tax free, so at the end of the year you would get a piece of paper, although donations below \$200 you don't even need a piece of paper and make your donation. If you're thinking of Divine Mother's numbers, anything that adds up to nine. I keep hearing forty five and our intention is that we would have raised at least a minimum of \$4500.00 to be able to carry over this year and have a little bit to move into the new year. Think of it as a thanksgiving gift and think of it as protection, offering this in Divine Mother's name for all the Indigo Souls in your own lives, including yourselves. Think of it as tithing. Offer to Divine Mother and Goddess Victory and Great Silent Watcher. In return as our gift of thanksgiving we will send you a double terminated clear quartz that would be chosen by Divine Mother and Goddess Victory.

I also want to mention that on the Waves of Bliss site, when you go to the homepage, the front page and you look on the right hand side in the middle there is a square that at different times you

see different types of advertising, sometimes it's an advertisement for a meditation, sometimes it's something random like an advertisement for Tide. When you click on any of those, if you happen to see and be interested, we get a nominal amount of money for you clicking on that and going and looking at what they have. A few days ago I saw, I was working on the homepage and I saw an ad which was interesting and I clicked on it. After I clicked on it, I looked and it was offering some coupons and it was a very nice site. I did my little bit of research and participated in it and I came out, and the moment I came out and I went back to the homepage I looked again and there was an ad, in the square now, it was something that I actually wanted and I had searched on a couple of days before. So I found it interesting that somehow Google and other search engines, once they know you're online looking for something, I realized that they would then search for what you had looked before and offer it to you, so that I found very interesting. So obviously I went back in and sure enough it was what I was looking for but somehow two days later it was right there. So what we do with these bits of money that we get every time someone clicks on those, and we encourage you to click on them and see what they have to offer, I don't know how fast it changes but in a few minutes it's something different, and we get a little nominal amount of money and we will use that money for IndigosAwaken.com site to find ways of advertising our IndigosAwaken.com site for more Indigos to come, so please do that as well.

We look forward to the point where together we have managed to bring more of the Indigos and their parents and guardians. Also what Jim mentioned, your feedback on the books, my books, his book, it's really important. I gave feedback on somebody else's book and a half an hour later I received an email from Amazon saying my feedback had helped someone else decide buying that person's book. It's really important, especially when we are dealing with Spiritual Books and material that we help other people on the path, because we earn merits. So by all means if you have a book review you want to post on the IndigosAwaken.com site, do the review and send it to us and we will post it with the rest of the book reviews and we will mention your name if you so wish it.

If you want to participate in any other activities, if you wish to set intentions with us that more and more Indigos come to us you're welcome to do so, and right now I ask you to set intentions that we raise our target of a minimum of \$4500.00 before the end of the year. So it would be wonderful if somebody decided here's \$4500.00 now start and collect more. Any amount however, is acceptable and we appreciate it and we put it towards expanding IndigosAwaken.Com site and attracting more of the Indigos to ourselves.

So now we will all take a deep breath. Remember this month we have Fall Equinox. This is an important time and what we are about to receive from Divine Mother today is going to be the platform upon which she will build the Fall Equinox and continue to expand anchoring energies. Last month she mentioned that calling upon Great Silent Watcher- to come for protection and to release and to remove energies that no longer serve each of us, as well as providing abundance- has been accepted by Great Silent Watcher. This month she will guide us to petition Great Silent Watcher to add her own Signature Energy to Sanat Kumara, Goddess Victory, Divine Mother, and Mother of Universe. Divine Mother and Mother of Universe are involved in the work with Sanat Kumara as is Goddess Victory and Great Silent Watcher. All aspects of the Divine Feminine are working for Sanat Kumara's success, which is our success. The more that we envision Sanat Kumara's presence closer and closer to this 3D Reality the easier it will be for all of us to change our Reality for a better one.

So together on this important day that will set the pace for everything that happens at the point of Fall Equinox and for this fall and winter, let's set our intentions that Divine Mother, Goddess Victory, Mother of Universe, Mother of Cosmos, Cosmic Guardian of Divine Plan, and Great

Silent Watcher are successful in all their endeavors on behalf of humankind and in anchoring the Energies of the Divine Feminine, that Mother Energy, as well as successful in anchoring the Energies of Sanat Kumara, and the return of Sanat Kumara as our Planetary Logos, to hold the office of the Logos and be present, physically present in all Dimensions of our Reality, and available to us in this 3D Reality. We want to feel the Energies of Sanat Kumara. We even want him to walk on Earth again, not in the 5D, 7D, 9D of Earth but in the 3D of Earth so we can feel his presence, we can see his pictures in the newspapers, we can even have an audience with him as a group.

So, let's take a moment and also set the intentions that all the Indigos awaken their hearts and their minds, their Five Body System and their Light Body to be receptive to Sanat Kumara, to be receptive to the Divine Mother Energies, to be receptive to the Qualities of Victory, to be protected by Great Silent Watcher, to feed from the Cosmic Life Force that is provided by Mother of Universe, Mother of Cosmos and to continue to constantly walk the path of their highest mission and the accomplishment of their mission according to the best of the Divine Plan.

I thank you for your service. As Jim always says it is important that we realize that we play a very important role in our Reality, and what we do in our Reality impacts everything everywhere. If we push this 3D Energy to raise its vibration we have pushed all Realities in all Dimensions. This 3D is the one that is stuck, this is the one that is hardest to move and we are here to do the hardest job. So we bless each other and ourselves for being here now and being a witness, a conscious witness and a participant in making a great difference. We offer a prayer of gratitude for this good fortune, this merit that we have earned as a result of many lifetimes of service.

Divine Mother begins (38:39)

My Beloved Children of Light I Am your very own Divine Mother. I hold each and every one of you in my own heart and I thank you for all that you do.

I ask you to envision that Great Silent Watcher now stands before you while embracing Sanat Kumara. Envision that she produces from her own Cosmic Heart, Personal Heart Chakras Chakra a Turquoise Blue Ball of Light. She offers this Blue Ball to Sanat Kumara. Sanat Kumara receives it in his own Personal Heart, Cosmic Heart Chakras Chakra.

Envision that you stand as the third point of a triangle with Sanat Kumara and Great Silent Watcher. Notice a beam of Blue Light going from Great Silent Watcher's Cosmic Heart, Personal Heart Chakras Chakra to you and a similar beam to Sanat Kumara. Now Sanat Kumara will reach once again into his own Cosmic Heart, Personal Heart Chakras Chakra and this time when he produces the Sphere there is an outer layer and an inner layer. The outer layer is approximately half an inch wide and it is covered in Turquoise Blue Light. Inside of this Sphere is another which carries the Twin Flames of Sanat Kumara. That Sphere carries the color that is the Signature Energy of Sanat Kumara, it is a Fuchsia Pink.

Now you will see that Sanat Kumara is holding this Sphere in the middle of the triangle right where you are receiving the Beam of Light from Great Silent Watcher. This Sphere is now bathing in the Beam of Light that is being sent from Great Silent Watcher's Heart to yours. This Sphere travels from where Sanat Kumara places it to be absorbed over the already existing Sphere that you have received in the previous months. This one will sit over the other and reinforce it and everything that you have received.

The significance of this Sphere with two layers- the outer layer Turquoise, the inner layer Fuchsia Pink with Twin Flames burning inside- is that Great Silent Watcher will now guide and protect everything that happens to you and every energy that is exchanged between Sanat Kumara as the Planetary Logos and you. Carrying the Twin Flames is the equivalent of carrying the holographic DNA structure that is Sanat Kumara. Carrying the outer layer which is the Turquoise Blue Light of Great Silent Watcher is like carrying the power, the might, the glory, the protection, the abundance and the fearlessness.

Fearlessness: Why do we stress fearlessness so much? Over many eons of being incarnated, in each lifetime certain degrees of fear, uncertainties, worries, and concerns have etched into your heart and soul, into your Sacred Geometries. When you receive the Energies from Great Silent Watcher that allow fearlessness to shower and bathe you in the Signature Energy of Great Silent Watcher those Geometries which have been nicked and scratched and scraped and absorbed fear will become whole again and then no one can have a hold on you in any way, nothing can have a hold on you in anyway.

Let me give you an example. Imagine you're in a position at work where everything about it is upsetting to you, but you are afraid to leave. On one hand you want to be able to have the life force to go look for another job, but on the other hand the way you feel about yourself and the situation is so depressing that you are not even bothering to look for another job or a change in the existing one. Now having this Sphere will help you release those fears. Either you release the fears to the point where you say I am quitting and I'm trusting that the path will open for me or you will take the other option and that is that you will become fearless enough that you will pull your energy in and stop the bleeding of your energies, stop the leakage of your energies and do something positive and constructive. That's the significance of the fearlessness aspect which we so insist upon.

Abundance: Now the abundance aspect, there is a lot of leakage in the Energy of Abundance. We talked about this for a long time and we've done a lot in preventing the pollution, the confusion, the corruption in the Energies of Abundance. We've created many layers of productivity, many layers of repair. Now we have another tool and that tool is the Turquoise Blue Light of Great Silent Watcher. Why this is Light different from the others? How this is Light different from the others? I will tell you why it's different, it's because it comes from the Source. How it's different, same thing, it comes from the Source. This is an Energy that has not been polluted or corrupted, so the level of abundance, the level of heightened Energies which it carries is beyond what is already available. It's beyond what has already been corrupted. It is beyond what has already been worked and confused and polluted. So using the abundance aspect of this Turquoise Blue Sphere would help you raise your vibration.

Everything is vibration. If you are vibrating to the heightened aspects of abundance and prosperity then you pull that abundance and prosperity to yourself. If you are vibrating to the corrupted aspect and live in fear of not having, then that's what you pull to yourself. So first, the release of fears, fear of not having, fear of not being able to move on, fear of not being able to find the right people, the right places, the right things at the right time. First we remove and release the fears then we bring in the abundance.

Finally we bring in the protection; protection to hold on to that abundance, protection to never allow penetration of fears under any circumstances. Protection is on one hand a preventative measure to stop anything happening in the future, on the other hand it is a curative measure because when you are protected you feel good, you don't feel as if your back is to the wall, you don't feel as if you are between a rock and a hard place. When you are protected you can trust,

you can trust to take the next step, you can trust to make that move, you can trust to take the leap of faith.

So envision this Sphere that is now over lighting the Sphere of Sanat Kumara and the Twin Flames and know that this is a very special dispensation. A special dispensation that Great Silent Watcher has blessed all of you with, this is the way that Great Silent Watcher is thanking you for all that you do. Every morning as you arise, spin this Sphere and envision that in the outer you have the protection, the empowerment, prosperity and abundance and fearlessness; you have the support from Great Silent Watcher. In the inner core of that Sphere you have the Flame, the Flame of Love, the Flame of Oneness, the Flame of Standing in your Integrity, standing for all the truth that you have come to serve, the truth of Sanat Kumara's consciousness overlighting this planet and raising the vibration of this planet. You are in possession of that Flame. That Flame is raising the vibration of the planet through you, you are anchoring that Energy in your own Body, in your own Five Body System, in your own Light Body and you are transmitting it to people, places, and things at all times. Every merit that everyone, every place, everything earns from their vibration being raised is going to be multiplied and be brought to you. You are going to reap the reward of the merits that awakening others, helping others would earn you.

I hold you in my own heart. I ask you to repeat this exercise until we come back again next month and I also ask you if you are participating in the Ceremony we will perform on the 22nd of September for the opening of the gateways of the Fall Equinox, that would be wonderful. If you are not in a position to participate in that ceremony, than do this as your ceremony a day before, the day of, and the day after. So on the 21st, on the 22nd and on the 23rd at least in those three days put a lot of effort and a lot of energy in sealing the Sacred Fire Light of this Turquoise Blue that is given to you dispensed by Great Silent Watcher. 33 is the number of the vibration of this planet. Anything that you do for 33 days and anything that you intend to do for 33 days by calling your angels and your guardians and asking them to unite with your personality aspects and do it on your behalf even when you forget.

Anything you do in that way through intention and through exercise for 33 days becomes part of your Beingness and part of the heartbeat of the planet. In that way once again you gain all the merits for etching that Reality into the heartbeat of the planet, into the Five Body System of the planet, posting it upon your Personal Body Grid and through your Personal Body Grid into the Planetary Grid. The Planetary Grid receives and transmits and magnifies what you give it. You are an important participant in everything that happens, everything that's posted on that Planetary Grid. I Am extremely proud and happy for your presence on Earth and for the Light that you are and for the Energies that you anchor, and for the path that you walk upon. I cherish each and every one of you. I hold you in my own heart; I Am your very own Divine Mother. So It Is.

Nasrin concludes: Thank you everyone and goodnight.

Jim concludes. Thank you Nasrin, thank you Divine Mother, Great Silent Watcher, Victory and Sanat Kumara and I thank all of you. See you all at the Equinox Ceremony on the 22nd, goodnight.
