© FAGU 2016

Hello everyone this is Jim and welcome to the 8-8-2016 Gateway Portal Channeling. I thank you all for being here and offering yourself in this great service on this summer day.

We honor tonight, Goddess Victory with the 8-8. Eight is Goddess Victory's number and being 8-8 we send our love and gratitude to Goddess Victory.

Take a deep breath and we'll begin.

Grounding Meditation- Visualize that you're standing on top of Uluru, the great red rock, a sacred vortex. Find yourself on Uluru and be aware of everyone on this call and everyone who will listen to this later in one group entity. As you feel yourself relax, and you feel the presence of everyone and Uluru, slowly slide into Uluru, down into the clay colored rock, and feel the Light of Uluru all around you. **Activate your Hara Line, the Pillar of Light beneath the bottoms of your feet that extends all the way to the Core of Mother Earth.**

Be aware of Divine Mother and the Goddesses wrapping themselves around you, Divine Mother, Mother of the Universe, the Cosmic Mother, Victory, Guardian of Divine Plan, Great Silent Watcher and the Topaz Blue Cosmic Guardian of Protection all wrapping themselves around you as you send your roots down around your Hara Line wrapping them around the Core Crystal. They do the same, holding you tight to Mother Earth, grounding you to Mother Earth.

Visualize that the **tree trunk forms around you sending its roots down around your roots and all the other Goddesses roots holding you fast to the Core Crystal.** See that the outside layer of the tree trunk is the Emerald Green Light of Abundance & Healing. See that the tree trunk extends all the way up through the heavens to the Pool of Creation where it spreads its branches and leaves out into the Pool of Creation. Around the Emerald colored Light of the tree trunk see the Plum colored Light of Divine Mother's Rejuvenation and Regeneration Healing Light. Around that we place Great Silent Watcher's Tornado of Turquoise Blue Light spinning around that all the way from the Core Crystal, all the way to the Pool of Creation. See Cosmic Guardian of Stability in the Eggplant colored Light pouring that Light outside the Tornado of Turquoise Blue and you can see that as it surrounds it, it meets with the Turquoise Blue Light. **You can see Sparks of that Light coming in through the tree trunk healing different aspects of your 5 Body System and your Physical Body as part of the grounding and part of the healing process that these great Beings bring to us.**

Now bring your attention to the **Core Crystal and see the Amber colored Life Force Energy of Mother Earth.** Always when I begin to bring this Light up I think of our Beloved Goddess Gaia and I'm reminded of her and I feel her presence. I ask for her presence now to **actively work with these heavenly Goddesses to pour their Light to Earth, and to send her Love and her Light to the heavens along with us as we pull that Amber colored Light up through the root system to the bottoms of our feet and fill our Body, 5 Body System with the Amber colored**

Light of Mother Earth. You can feel it clear and cleanse away all the negativity from the day, and we send it all the way up through our Crown, through the tree trunk to the Pool of Creation where it pours into the Pool of Creation. Standing along the sides are all the Cosmic Guardians of the Divine Feminine and you see Great Silent Watcher pouring her Turquoise Blue mixed with Gold Light into the Pool. See Victory, her Champaign colored Light mixed with Gold, Guardian of Divine Plan - Warm Orange with Gold, Mother of the Universe - Vibrant Pink with Gold, Cosmic Mother with her Vibrant Deep Amber colored Light, Guardian of Compassion sending her Creamy Peach colored Light and our own Beloved Divine Mother sending the Golden Brown Light down into the Pool of Creation, pouring through the tree trunk, down into your Crown, filling your body and your being. We send that Light all the way down to the Core Crystal illuminating the Core, filling the Earth and her 5 Body System with these Energies to the delight of our Beloved Goddess Gaia.

Second round comes up with these Energies mixed together They come up through the root system to the bottoms of your feet, through your body, all your 5 Body System & Light Body, up through your Crown, all the way up to the Pool of Creation where they're reinvigorated by these Goddesses, and once again pour down through the tree trunk, through your Crown and your body, down the bottoms of your feet all the way to the Core Crystal where one more time it comes up, and as it fills your body and being, we send our consciousness with it all the way up to the Pool of Creation.

As we're in the Pool of Creation, we see all the Goddesses standing around the Pool and we step out. **Our two Angels wait there with our ceremonial robes and our scepter. We put our robes on, take our scepter, and we turn to face Divine Mother. In the distance we see her sitting on her Throne. On either side of her Goddess Shakti, Lord Shiva and behind her is Great Silent Watcher. Let us all glide over to Divine Mother as she stands and wraps us in her bosom into the Golden Brown Light, and we give our thanks and our love to Divine Mother, this Golden Brown Light that holds within it the Copper Gold Light.**

Now we stand before Divine Mother, Shiva & Shakti, and Great Silent Watcher, and we see the Topaz Blue Cosmic Guardian of Protection standing beside Great Silent Watcher, as is Goddess Victory. **Great Silent Watcher begins to pour from her Scepter above our heads the Turquoise Blue Light which fills our Physical Body and each one of the layers of our 5 Body System as she ignites the 6 Pointed Star above our heads and below our feet. Our Physical Body, our Emotional Body are filled with the Turquoise Blue Light. Emotional Body, Mental Body, Spiritual Body, Light Body, and another layer for protection, as the Topaz Blue Guardian of Protection pours her Topaz Blue Light filling the 6 Pointed Stars above our heads and below our feet and fills each one, our 5 Body System as well, Physical all the way out to the Spiritual, the Light Body and the layer of Protection, as Victory now with the other two Goddesses creates the 8th layer, Turquoise Blue with Topaz Blue and then the Frosted Blue of Victory with Platinum sparkles.**

As the Energies of Victory come from the 8th layer all the way down to our Physical Body, filling all the layers in the same manner that Great Silent Watcher and Topaz Blue Guardian of Protection has, we see our own Beloved Goddess Gaia sending the Amber, the Red Amber colored Light to our Personal Heart, Cosmic Heart. As it moves out through each one of these layers, it becomes a Citron Green as it gets to the 8th layer, so each one of these layers also has Citron Green Light, the Light of Goddess Gaia. Feel yourself within each one of these 8 layers, the 5 Body System - the 5 layers, the 6th layer your Light Body, the 7th layer a layer of Protection, and the 8th layer a layer of Victory. Each one, each layer having the Lights of Great Silent Watcher - Turquoise Blue, the Topaz Blue of Cosmic Guardian of Protection, the Frosted Blue

with Platinum of Victory, and the Red Amber of Goddess Gaia which when mixed with the other colors you'll see as Citron Green.

Take a moment within these layers, set your intentions, express your gratitude and love for each one of these Beings who have been so very wonderful to all of us and to Divine Mother coming and serving in the way that they have served. I'll give you a moment and the next voice you hear will be that of our Beloved Nasrin. So It Is.

Nasrin: 13:14

Hello everyone and welcome to 8-8. Together we offer this Gateway Portal to Divine Mother and Goddess Victory. Let's remember that Divine Mother spoke of this year, of 2016 being a year that Goddess Victory plays a huge role in our lives even though the numbers for the year add up to 9, Divine Mother requested that you remember Goddess Victory. We go before Divine Mother remembering this month, which is the 8th month, and this day which is the 8th day of the year, and honoring Goddess Victory while we honor with great gratitude all that Divine Mother has done for us, and all the entourage of Divine Feminine Beings who are so diligently working with Divine Mother on our behalf to make our lives easier and better

Divine Mother: 14:34

My Beloved Children of Light I am your very own Divine Mother.

I do have a gift for you on this day, but I want to take from Jim's words and Nas's words, in that our **Beloved Goddess Victory is here to make life easier for all of you and make you victorious.** Making life easier for you doesn't mean every day you will lay in bed of roses and someone will fan you with cool air on a hot day or with warm air on a cold day. It simply means that ultimately what you achieve in this lifetime will be written in the Akashic Records as one of your greatest achievements.

You will still feel the ups and downs of this life from one day to the next. You will also feel the ups and downs for the rest of the world. **This is not an easy time to be incarnate on Earth. It's a time when great changes are happening from an energetic standpoint, from the standpoint of the 5 Elements, from the standpoint of what happens to the 3rd Dimension and how the consciousness of all souls from the 3rd Dimension up are being raised, so that we can move every phase and layer, every octave of reality to its next level, to its highest potential. That is a process of mutation. Your bodies are mutating, your minds are mutating, your emotions are mutating, the 5 Elements are mutating, Mother Earth's 5 Elements are mutating.**

A lot is happening and no one has given you a map. You are the ones who are mapping the unknown. Sometimes it feels as though the ground beneath you is slightly shaky, and that's normal under these circumstances. **You are all the Generals in the Army of Light. You are all the leaders and star seeds that have come from very important highly involved stars and planets to be here now at this turning point of Earth's life.** So it stands to reason that life would be difficult, that there are too many unknowns, that you don't have a map or anybody else who has gone on this path to tell you what to do. You are mapping the unknown. You are walking the path, not certain of what is ahead of you but **your innate build up-** as pioneers and leaders and generals of the army, and your ability to connect with your soul selves, with the soul lineage members, with the heads of your soul lineages- **gives you the ability to ultimately do the right thing even if you feel uncertain. It gives you the opportunity to make the right**

decisions even though those decisions may not seem right at the point that you make them. Those actions may seem shaky at the point where you take them but you will be successful, and you will look back to this life and say to yourself, I did go above and beyond my own expectation and the limitations that this world imposed upon me, and I'm happy about that.

I'm here to make sure that you feel that way. **I'm here to guide you- with the help of Goddess Victory and other Beings- to see that you are victorious, that you are successful in all your endeavors. I'm here to stand by your side. I will pick you up when you feel low and when you fall down, and at times I will even prevent you from slipping and sliding in the wrong direction. That's my job. I will do that for you. You can trust that Divine Mother is here for you; making sure, for the most part, to make this life easier. This is already in place.**

The part that you play, even when you feel as though there's too much on your plate, that part is your contract. You're doing it for yourselves but more importantly you're doing it on behalf of the heads of your soul lineages. You're doing it **on behalf of Divine Mother, for Sanat Kumara, for Victory, for Great Silent Watcher, for all these Deities, Cosmic and Earthly who have known you for ions of time.** You're doing the work on their behalf. **You're taking one for the team.** So at times when you feel, "*why this, why me, why now?*" Please remember this is happening because you're star seeds. Now is happening, because we are going through a huge shift. You are doing it because you have agreed to come and be here and take one for the team and the team needs.

You and the team comprise of all these Beings that you are familiar with, and they're only the tip of an iceberg. **There are multiples of Beings that work with us, with this team, and choose not to be known to you because they can't do what they need to do if they get dragged into the 3rd Dimension.** So Victory, Mother of Universe, Mother of Cosmos, the 12 Cosmic Guardians, the 6 Cosmic Guardians, the 4 Cosmic Guardians, Lord Shiva, Goddess Shakti, Sanat Kumara, Christ Maitreya, Master Jesus, Mother Mary, Lady Quan Yin, Goddess Hecate, Goddess Athena, Goddess Isis and all the entourage of Beings that are earthly Gods and Goddesses, and even the living Masters and Deities such as Ammaji and Sai Baba and many, many, many others, too many to mention, all of them. They're all part of our team. We are part of their team. We're all one team together, but on top of that, this number which you are familiar with is only a handful compared to the multitudes that are here and are part of our entourage but are unknown to you by name or by presence. You may see flashing of Lights and you may feel their Energy at times when you meditate and when they want to be in your presence, but that's all you get. All of them are working with this team, and it is to their advantage, to their benefit to support you. So you have multitudes and masses of Cosmic Beings as well as Earthly Beings, as well as living Beings and Ascended Beings, who are working with you. Sometimes you are stretched to the limit and you feel it, and you wonder why, why when you give all of yourself and all of your time, and all of your Life Force to this service, then why you and members of your family and your loved ones experience what they do. They do that because you're taking one or more for the team, because each one of you represents this entire multitude of team members, and you work on their behalf.

8 layered Grid-I want to ask you to imagine those 8 layers that are around you, and pull **your Energy from the center core to the 8th layer which is the layer where Goddess Victory is giving her Life Force Energy in that Platinum Pewter Shimmering Light.** And I want you to imagine that you are standing before Goddess Victory, with Divine Mother standing right next to you, and I want you to imagine that there is a Sacred Pool of Light where this Platinum Shimmering Light is spinning and swirling inside of it. And Goddess Victory takes a container, it's a container a little bit like a martini glass but it doesn't have a long

stem. It's a wide rim flute of sorts. Victory dips it into the Pool of Liquid Platinum Pewter Light. Then she holds it right in front of her face and she begins chanting the mantras in the Sacred Language of Light which is from her native star system. I have said to you in the past that Goddess Victory comes from a far away star system, very far from ours, and the reason why she is so victorious in all the planetary bodies that she works in our system, is because she's never been contaminated by all the pollution and contamination that has happened throughout the course of history, not just in the solar system, but inside various parts of our galaxy. She doesn't have any part in that pollution.

The Energy she brings is completely pure and clean. When she gets that Liquid Light into this jug, into this wide rimmed flute container and blows the breath by singing in the Language of Light, the sacred and secret syllables that are the Life Force that makes everything victorious. When she pours her breath and her voice, the sound of her voice to mix with that Light, it becomes potent. Then she brings it to where you and I are standing. She offers it to me and I hold my hands over the wide rim part and I blow my own Breath of Life and my Golden Brown Shimmering Light into it, to then step it down and imbue it with Life Force & Nurturance that is mine, and I have prepared this Light.

Right now **the entire 144 dimensions breathe this Light of mine, and is charged and energized by my Light. So when I pour my Light into Goddess Victory's Light I'm in essence stepping down those Energies and making the Energies of Goddess Victory malleable and viable for our Hierarchy of Realms, and especially this 3rd Dimensional Realm between the 3rd and 5th where you all roam and woks. It becomes Platinum Pewter with Golden Shimmers that carries the Energies of Divine Mother and the Victorious Light of Goddess Victory.**

Then Goddess Victory sets it down, and with both hands goes in and takes fistfuls and brings it up and pours it from the top of your head, and rubs it from the top of your head and goes part by part your entire head, front and back, top, all the way to your throat, all the way your torso front and back, shoulders, upper arms, lower arms, hands, palms of the hands, back of the hands, fingers and then upper torso, front and back. Going down every vertebrae, every disc of your body on the back, going down every Chakra, every organ, every cell of your body on the front, and going clockwise rubbing it in circular motion, circling up upper chest, circling up middle part of your torso, circling up, going clockwise, lower part of your torso, and then circling both hands on both hips, thighs, knees, calves and shins, ankles, feet, top of the feet, bottoms of the feet and then she takes the jug and pours it from the top of your head, and it begins to get absorbed into your body, it also gets to be absorbed into the layers of your 5 Body System Light Body and goes back and forth to the center of the 8 layer grid and out to the parameter and the edges of the 8 layer grid, swishing and swirling while it also penetrates from the bottoms of your feet down to the Earth Crust, down your Hara Line to the Core of the Earth where each of you individually connect to the Core of the Earth.

Now I'm going to stand behind you, Goddess Victory is going to put that jug away, I'm going to extend my hands with the palms of my hands touching the back of your Cosmic Heart Chakra and Goddess Victory's going to place the palms of her hands, while she stands in front of you touching the front of your Cosmic Heart, Personal Heart Chakra.

Goddess Victory is a big Being, she has big hands. When she puts her hands on your chest, it covers from your Throat all the way, almost to your Solar Plexus. She's a big Being. **My hands cover your Cosmic Heart Chakra reaching up towards the Throat, and below it reaches**

down to your Personal Heart Chakra, to the edges of your Personal Heart Chakra. Hers covers practically the whole of your chest.

We're going to **stay in this position for a couple of minutes, and I ask you to pray. I ask you to pray to her in gratitude for what she has bestowed upon you. This Light of Victory is extremely, extremely beneficial, it changes lives.** It is not to be taken for granted. It is to be taken with great gratitude. It is to be honored and I am asking you to remember what just happened from this day on, every day, remember that you have received this Light of Victory. **From this day on remember that Goddess Victory's hands are in front of your torso. She pulls out anything and everything that is depressing and sad and grievous and sorrowful and upsetting and causing anxiety, and she will fill your chest, your torso, your body, your 5 Body System, your Light Body, your 8 layer grid with the Light of Victory.**

This is a huge gift. I'm equally blessed that Goddess Victory's giving you this gift, as are you. I am blessed because each one of you can do more for me, for the Divine Feminine, for Earth, for all humankind, and in return I ask of you to say to Goddess Victory that you will touch consciously and subconsciously, you will set the intention to awaken any and all members of Goddess Victory's entourage who walk on Earth at this present time, and it will have to be put to sleep in the sense that the Energy of Victory was pulled away from them when Goddess Victory moved away from Earth in the past many thousands of years, because **now you carry the Energy of Goddess Victory to the core of your Being. Just being in your Energy, the members of Goddess Victory's entourage, those souls who have been walking Earth and forgetting who they are and have had many incarnations can awaken, can remember.** And that means you could be in the same movie theatre, you could be in the same grocery store, you could be in the same mall, you can be in the same shop, you can be in the same beauty salon, and just being in your Energy, even from a distance, even from several feet away, will awaken.

So tell Goddess Victory that you will open yourself to sending the Energies of Victory and awakening members of her entourage, young ones, olds ones and everyone in between, newborn babies, not yet born babies, souls that are coming in and are unsure of the future they will have on Earth, can benefit from you sending the Energies of Victory.

I ask of you when you walk in nature, **send your Energy to the trees, to the rocks, to the 5 Elements, to the Fairies and Devas, and let them receive it, and let them magnify it, and let them spread it. Let the 5 Elements spread it. Let the bodies of Water, Earth, Air, Fire, Ether spread it. Let your 5 Body System spread it. Let it be posted upon the Planetary Body Grid, from your grid. Make that intention. Be the Element of Victory. Every time you do an act of service like this you receive 10 times, a 100 times,** so you're doing yourselves a favor by doing Goddess Victory a favor and allowing your body, your being to be the Element for spreading this amazing Light of Victory that will ultimately make our world a better place for the future generations. It will nurture the 5 Elements. It will restore the 5 Elements to the purity of the original plan, which means waters will automatically heal themselves. **Earth that has become barren will automatically heal herself and become plentiful again. The climate change will go in the right direction. It will change from disaster to productivity. The scale will tip. The pendulum will swing in a favorable direction. Earth won't have to create more natural disasters to clean herself up because this Energy is available and prevalent, and it is magnifying, spreading and catching on, touching all souls, all the three kingdoms of animals, minerals, plants and the kingdom of the humans are going to be affected.**

So take a moment, say in your own words whatever prayers you want to say to her, whatever intentions, whatever service you would like to offer to her

I ask you to give me 5 minutes with Goddess Victory to continue this healing, and I thank you for your service until we come back together again next month. I'm your very own Divine Mother. So It Is.

Jim concludes: Thank you Nasrin. Thank you Divine Mother and Thank you to our Goddess Victory, I thank all of you. Goodbye until next month. So It Is.
