### **Grid of Light with Victory, St. Germain and Sanat Kumara Triple Cocoon of Life-Giving Light And the Trinity of the Violet Frequency**

My Children of Light, I am your very own Divine Mother.

I hold you with great Love in my own heart.

**The energies of St. Germain are of utmost importance right now.** The energies of Goddess of Victory will help you and St. Germain anchor the energies of Violet Ray, Violet Flame and Violet Light. The job of the Violet Ray, Violet Flame, and Violet Light is to release negativity from Earth and then to bring in Divine Order. For as long as negativity exists on Earth, it will create chaotic energy and while chaotic energies are around you, you cannot fully experience Divine Order. Divine Order provides Peace and Tranquility to your body – Peace and Tranquility to your mind, to your emotions.

The energy vibration of Violet Flame, that is the Masculine Aspect of this trinity, is a deep dark Purple Blue Light. The energy vibration of Violet Ray is a Pink Purple Light. There is more Pink than there is Blue. The energy vibration of Violet Light, that is the child Aspect, is a Light Lilac Light.

**You are standing inside three circles. You are facing Sanat Kumara. You are facing St. Germain.** Obviously Sanat Kumara wants to be here. We offer him a blessing and we invite him to be present. Sanat Kumara – the Planetary Logos. In fact, now that he has made his presence known, we will ask Sanat Kumara to stand next to St. Germain.

We would never refuse Sanat Kumara anything he wishes. We will never refuse him entry. We will never refuse him to be present.

**So while you are focusing on St. Germain, notice that in front of you to the left is now standing Sanat Kumara and let us place an Aspect of Goddess of Victory - a third Aspect of Goddess of Victory - behind Sanat Kumara.**

**Remember that these Cosmic Beings, like Goddess of Victory, can be in three places, in ten places, in a hundred places at the same time.**

**You have an Aspect of Victory standing behind you. Sanat Kumara has an Aspect of Victory standing behind him. St. Germain has an Aspect of Goddess of Victory standing behind him.**

Around you, the **circle of Angelic Forces of Violet Light are beaming Lilac Light** to you. The **next circle, the Angelic Forces of Violet Ray are beaming Purple Pink Light** to you. This is the Feminine Aspect. Around that circle is another **circle with Angelic Forces of Violet Flame**. This is a **Purple Blue** emanation of Light representing the Male Aspect. These Angelic Forces are all standing shoulder to shoulder. They are beaming their Light to you. They are spreading their wings and from their entire bodies, Light is emanating.

Violet Light will hold the frequency of Divine Order because it is the Child of the New Age that will bring Divine Order back to Earth. Violet Ray will hold the Feminine Principle for the New Age – the Feminine energies for the New Age.

**Angelic Forces of Violet Ray are spreading their wings and creating a circle of Purple and Pink.**

Violet Flame, the Purple Blue Light, carries the Masculine Principle of existence or the male of the species for the New Age. This is why we need to focus on energies of St. Germain and the Violet Ray, Violet Flame, Violet Light – the trinity of the Violet frequency.

Breathe and bathe.

Now focus your energy on **St. Germain** and see that his entire body is emanating Purple Light – Purple Light from the top of his head to the bottom of his feet. In fact, St. Germain has become a Cocoon of Purple Light and this Purple Light is sending beams from the top of his head to the bottom of his feet - beams of Light that **create a Cocoon of Purple around you**.

Notice that **behind him Goddess of Victory** is fully illuminated with her signature colors – Platinum, Yellow and Pewter. **Platinum, Yellow, Pewter**. Now bring your focus to Sanat Kumara who is welcome in every one's heart and to this Grid of Light.

Sanat Kumara is the Planetary Logos. His consciousness over-lights this planet. People think of a political and spiritual leader that unites the entire planet together – that would be Sanat Kumara. Unfortunately, as other political and spiritual leaders such as the Dalai Lama, the leader of Tibet who lives in exile from his own country, Sanat Kumara too is living in exile from his own world – the planet Earth. He resides in Venus because Earth has become so dim that his energy vibration would

be too much for earth. So whenever he comes and offers his energy to those of you who can handle the heightened frequencies of Light, we are more than grateful to receive him.

Visualize that **Sanat Kumara** is sending from his body – from the top of his head to the bottom of his feet – his Fuchsia Pink Light. His Signature Energy is a Fuchsia Pink Light.

This is the Signature Energy whose vibrational frequency is most beneficial for Earth. His Signature Energy while he is in Venus is Red but for the benefit for Earth, he mixes that deep Pink color with the Red because the energy of Love, the energy of Divine Love needs to be mixed with the life force. That Fuchsia Pink that he sends when he comes to over-light Earth is extremely nurturing for Earth. It is nurturing for all souls and it is easier to absorb for the souls of Earth. This is why he has chosen the bandwidth of Light – the bandwidth of Light that vibrates to a frequency that you can see as a Fuchsia Pink Light.

Now he is beaming that Fuchsia Pink to your entire body. His whole body has become a big **Cocoon of Fuchsia Pink Light** and that Cocoon is **extending to you**. As that **Fuchsia Pink mixes with the Purple Cocoon** that St. Germain has sent to you, the merging and the union of the two **create a Magenta Light**.

Magenta is a Light that is the combination of that Fuchsia Pink and that Purple of St. Germain. If you were mixing colors together – not Lights, just colors – you would be mixing Red and Blue. If you had a tube of Red and a tube of Blue and you mixed it, there comes a point where you would have Magenta colored Light – colored paste. Same thing with Light. The Fuchsia Pink of Sanat Kumara that carries his Signature Energy and the Purple of St. Germain that carries his Signature Energy merge together to create a Fuchsia Magenta Purple Light. Even though the color is the Magenta, it holds the energy essence of the Fuchsia Pink and the Purple. The merging of the two allows a third to be created. Unlike when you mix a paste where the two merge into each other and come back with one color, when you mix these two Lights, you add to each one by creating a third Light. The Fuchsia Pink of Sanat Kumara – the Purple of St. Germain now have the range of the Magenta between them.

So you have the advantage of being bathed by the Signature Energy of Sanat Kumara, the Planetary Logos and St. Germain, the Cohan of the Seventh Ray, whose Age is now. It will continue for the next 2,000 years and it will over-light the entire 14,000-year cycle that begins now and then it begins an entire 98,000-year cycle that begins at the end of the 2,000 years. So you see, we are at a point of immense importance because what we sow right now, we shall reap for 2,000 years. Then that 2,000 years becomes the Seed for the 14,000 years. Then those 14,000 years become the Seeds that are sown for a 98,000-year cycle that will be the cycle of the Golden Age. All of what we are doing is to set up a platform for the Golden Age to blossom and bloom from this platform. Breathe and bathe.

Right now, you will **see yourself inside a Double Cocoon**. The first Cocoon is St. Germain's Purple. The second Cocoon is Sanat Kumara's Fuchsia Pink. Then in between the two cocoons, **a third layer where the two merge** and that is the Magenta Light.

The significance of the Magenta Light is that it carries the energy vibration of Sanat Kumara. It carries the energy vibration of St. Germain. It carries the energy of Violet Flame, Violet Ray, Violet Light and the energy of the Logos. It unites the energies of Sanat Kumara and St. Germain in oneness. When you return to oneness, you must do it through St. Germain and then through Sanat Kumara.

If you were born in the past 2,000 years, you would have done it through Master Jesus and Sanat Kumara. If you were born 2,000 years from now, you would be doing it through El Morya and Sanat Kumara. But right now, from the point of the turn of the century to the point where we reach 2,000 plus 2,000 that would be 4,000. At the point where we reach the year 4000, that is when these energies change again. But for now, through the next 2,000-year cycle, this **Light that has the three layers of the Purple of St. Germain, the Magenta of the union of the two and the Fuchsia of Sanat Kumara is of utmost importance**.

I want you to **keep visualizing yourself in these layers**.

I will explain to you why it is so important that you visualize these layers right around your body, constantly breathing through these three layers because these layers will sustain you. They are the life force. They are the **life-giving Light that will sustain your body**. They can **rejuvenate your body**. Those of you who have worked with me with **Plum Ray of Rejuvenation** know that the Plum Ray, if you think of the color of the Plum Ray, is actually that Magenta with more intensity of the direction of Red. If you add some more Red into that Magenta - that Plum Ray that is the most energetic substance for rejuvenation. If you add to that Plum Ray the energies of Sanat Kumara, the energies of St. Germain, the energies of the Violet Ray, Violet Light, Violet Flame and the Signature Energy of the Planetary Logos - that Magenta that is the signature of the Planetary Logos.

*Why is the Signature of the Planetary Logos different from the signature of Sanat Kumara?* You should ask. And the reason is, Sanat Kumara comes with the Fuchsia Pink but for the next 2,000 years, the energy that is over-lighting Earth is the energy of St. Germain with the Violet Ray, Violet Flame, and Violet Light. That is because for the next 2,000 years we have to raise the vibration of Earth. We need the transmutational properties of the Violet Ray, Violet Flame and Violet Light to help bring back Divine Order. Divine Order is going to happen at the end of that phase. Divine Order comes when Violet Ray, Violet Flame, Violet Light are fully anchored and anything of lower vibration has been released.

Think about it. If all that is of lower vibration gets released tomorrow, then Sanat Kumara's Fuchsia Pink Ray would be sufficient. But we need the Purple Light of St. Germain because for the next 2,000 years we are working with the transmutational properties of the Violet Flame, Violet Ray and Violet Light and the Divine Order properties of the Violet Light - the Child Aspect. The Male and Female

Aspects will merge together and enter into the energy of the Child – enter into the Purity of the energy of the Child. When that happens, then we are in Divine Order. Until we reach the point where Divine Order is everywhere – when people share their resources – when there is no greed, there is no wastefulness and the Earth is acting accordingly. When there is no pollution on Earth – when there are no natural disasters necessary to clear the energy of Earth – when there are no droughts, no earthquakes, no volcanic eruptions, no wildfires – when there are no people, nations fighting against each other – when there is no civil war going on – at that point, we would enter into the Realm of Divine Order.

We have 2,000 years to enter into the Realm of Divine Order. There is a chance that before the end of 2,000 years, Divine Order would be ours. There is a good chance that we could enter into the energies of Divine Order within the first few hundred years of the cycle. Right now, the energies of Sanat Kumara are bringing forth his Fuchsia Pink energy fully conversant with the fact that the Fuchsia Pink energy alone is not sufficient. It is his pure Signature Energy but his pure Signature Energy has been denied in the course of the past 8,000 years and so he comes in with his Fuchsia Pink and he brings in his Magenta Light and he brings the Magenta Light in deference to St. Germain. His Fuchsia Pink of the Sanat Kumara Light mixed with the Purple of St. Germain, the Cohan of the Seventh Ray; together create the Magenta Light that is the Light of the Logos.

**This is why it is very important that you constantly put yourself into this Triple Cocoon** while you see yourself bathing in the Purple Light of St. Germain because he is the closest to you and he has been physically embodied on Earth. Until very recent times in the 18<sup>th</sup> century, he was on earth - 16<sup>th</sup>, 17<sup>th</sup> and 18<sup>th</sup> centuries. So he has been around. His energy is vibrating everywhere. Sanat Kumara was here the last time, once a year, 8,000 years ago and he had been coming once a year for the previous 30,000 years or so. St. Germain has been here and has kept the same physical body for over 300 years because he has accelerated himself and he has brought in – he has mastered the energies of Alchemy – the Alchemy that applies to present day. Sanat Kumara's Alchemy is of a much higher vibration than the Earth can handle right now. Therefore we need to work with St. Germain's Alchemy.

- The energy that you are bathing in is the Purple Cocoon of St. Germain.
- The next layer that prevents you from picking up dross – that prevents you from aging is the Magenta Light that is the mixture of the Light of Sanat Kumara and St. Germain.
- The third layer is the Fuchsia Pink of Sanat Kumara.
- Now all these three layers are guarded by the Angelic Forces of Violet Light, Violet Flame, and Violet Ray.
- Furthermore, those three layers are guarded by the Angelic Forces of Goddess of Victory. The first layer holds their Scepters. The second layer holds their Torches – the Torch of Victory – the Flame of Victory. The third layer holds both – a Scepter in the left hand and the Flame in the right hand to protect you.
- Then to protect you even further, we have the energies of the Angelic Forces of the Four Directions – Uriel, Raphael, Michael, and Gabriel.

These are Angels of the Thrones. The Throne of God is blessed by the presence of these four Angels. And God has sent these four Angels to the four corners of the Universe and they are responsible for the four corners of Earth. They bring energy from the four corners of the Universe to protect Earth. Uriel in the North, Raphael in the East, Michael in the South and Gabriel in the West.

- Each of those Angels of the Four Directions is protected by a Silent Watcher.

Silent Watchers are immense Beings of Power who come to Earth as a dispensation to help Earth under the auspices of the Great Silent Watcher. The Great Silent Watcher is a female being of immense size – so big that if she were to stand on the planet, she would push it out of orbit. That immense Being who is Great Silent Watcher held the blueprint, held the design, the idea of the entire Solar System – your Solar System - in her womb, in her heart and over billions of years, she gave it birth. That Great Silent Watcher – there is only one Great Silent Watcher and that applies to the entire Cosmos – not just your Solar System – not just the Galaxy – not the Universe but the whole Cosmos. One Great Silent Watcher – that one Great Silent Watcher has given power to a number of Silent Watchers.

We have twelve of these in this Grid for protecting you and for helping you raise your vibration – for helping you absorb the energies of St. Germain and Sanat Kumara and furthermore, for each of you to help St. Germain and Sanat Kumara accomplish their Divine Mission.

When you have been called to help some enormously powerful Being like St. Germain who is charge of this Age and for the next 2,000 years – an enormously powerful Being who is the Planetary Logos like Sanat Kumara – when you have been called to serve these Beings, the merits that you earn from your service goes beyond you and your family members and your loved ones. It goes beyond this lifetime and seven lifetimes ahead of you and seven lifetimes behind you. It goes from eternity to eternity. It goes through your entire Soul Lineage of Light.

Do not be surprised if your own Soul Lineage of Light somehow connects to St. Germain and to Sanat Kumara and to Divine Mother because had it not been so, you would not have been called to serve in this way. If you are here – if you are listening to this – if you are reading the text for this material then at some level of your being-ness, your Soul Lineage of Light crosses paths with the Soul Lineage of St. Germain, with the Soul Lineage of Sanat Kumara, with the Soul Lineage of Divine Mother and everything in between. That means you, yourself, are drops from the Oceans of Cosmic Beings. That means you, yourself, have had a role to play when the Great Silent Watcher held the design of this planet and all the other planets in this Solar System in her heart. That means at some level you are connected to the Great Silent Watcher. At some level, you are connected to your own Divine Mother. Just as you would do your family tree and you will find out that your Great, Great, Great, Great Grandmother did this, that or the other, your spiritual family tree will indicate that you are connected to St. Germain, you are connected to Sanat Kumara, you are connected to Divine Mother, you are connected to Goddess of Victory, you are connected to Silent Watchers and Great Silent Watcher. It

indicates that at some level, you vibrate to the energies of Violet Ray, Violet Flame and Violet Light – you vibrate and are protected by the energies of the Angelic Forces of Violet Ray, Violet Flame and Violet Light – by the Angelic Forces of Victory – by the Silent Watchers who are more than Angelic Forces. They are Cosmic Guardians.

If you call the Forces of Violet Ray, Violet Flame and Violet Light as Angelic Beings who live in the Celestial Realms – who live in the 49 Dimensions of Heaven that stretch from the 13<sup>th</sup> Dimension all the way to the 62<sup>nd</sup>, then the Silent Watchers are levels of Cosmic Guardians who live from '120 some' and beyond. They live in higher levels. Then some of these Silent Watchers, to serve you, have come by dropping their energy to a lower vibration so that they can immerse themselves to lower dimensional realities to protect you. So when you have three Silent Watchers around you protecting you, that is a sacrifice that the Great Silent Watcher has made by dropping the smallest pinhead of a drop of her own energy that is still a Being that is forty feet tall and that Being is now protecting you.

**I want you to take a moment and behold the immensity of what this Grid of Light does for you.** I want you to fully understand that Goddess of Victory has made an immense sacrifice to come and stand behind you to bring three layers of her own Angelic Forces to make you Victorious. What is she making your Victorious in? In serving St. Germain – in serving Sanat Kumara – in serving Divine Mother – in raising the vibration of Earth - in bringing back Divine Order – in planting the Seed that will unfold for the next 2,000 years that becomes this Seed that will unfold for the following 14,000 years that becomes the Seed that will unfold for the following 98,000 years.

You look at your world right now and you find chaos and confusion. You see people in one nation killing each other because one says, *'This person should be ruler.'* Another says, *'This person should be ruler.'* And they are all from the same nation and you wonder, *'What is the state of Earth going through?'* You watch the events of natural disasters unfold. You see the wildfires happening and you wonder, *'Where is this going if all the forests are going to be on fire?'*

If you remove yourself from this now moment and see the bigger picture, you will see that everything that is happening is for changing your world for the better. Those people who lose their lives - whether they lose their lives in the wars, in civil wars, in defending their countries or defending their freedom or the lose their lives in tsunamis and volcanic eruptions and floods - their soul has served to remove density. Their soul is elevated when they leave the body. Their soul will return to Earth for a higher purpose. See it as such and know that everything that is happening in your world is to purify the world - while you send Light to those who are losing their lives – while you send Light to everyone who is becoming homeless – while you send Light and gratitude for all that you have and all that we share together because all of you are Spiritual Spearheads. All of you are Beacons of Light.

While we stand in gratitude for this togetherness, let us remember that these sacrifices that are being made at this present moment – whether you are doing without or you are watching others go without – whether you lose a family member, a loved one, a friend or you watch others lose family

members or friends – know that it is never wasted. It is all for a good cause. It is in order to change the course of the Reality of Earth and to remove the density, the darkness, the pain, and the struggle and to enter into the Realm of Joy.

Please remain hopeful because you are the spearheads for anchoring Light. The moment you give in to doubt – the moment you give in to hopelessness – the moment you give in to despair – in that moment you dim the Light that is coming through you to spread throughout to benefit multitudes and masses. Your doubt, your fear, your hopelessness gets in the way of the Light being spread through you because you are the receiving and transmitting antenna of the Light of St. Germain, Sanat Kumara – the Light and the life force of the Violet Flame, Violet Ray and Violet Light – the Light and the life force of the Torch of Victory, the Scepter of Victory – the Light and the life force of the Silent Watchers and the Great Silent Watcher. You are the Light and the life force of your very own Divine Mother. The moment that you look at this world and you say, *'There is no hope for us.'* In that moment, you have dimmed your receptivity and what you are transmitting becomes polluted.

Keep yourself one-pointedly focused in receiving and transmitting this energy, this Grid of Light. Keep yourself with one-pointed focus in pulling that nectar of the Amber Light – the Amber Light is the life force of the Universe.

It is above and beyond what you gain from the Blue Light of Mercy–the Blue Light of God Source–the Aquamarine Blue Light of life force. It is above and beyond all the energy you have shared with us.

Now is the time - the Cosmic energies of Divine Mother – the Cosmic Mother of the Cosmos. If you can think of a Divine Mother Aspect so vast whose energies are Cosmic, that Cosmic level - its Breath of Life – its life force energy is this Amber Light. So when you send your roots to replenish yourself through pulling into those roots from the Core Crystal – the Core Crystal is aligned. The Core Crystal is the heart of Mother Earth. The heart of Mother Earth is aligned with the Higher Realms. One way to maintain Earth in a place of togetherness – one way to hold Earth with everything that is going on around it in a place of anonymity is this Amber Light. When you breathe the Amber Light – when you pull the Amber Light – when you bring the Amber Light to rejuvenate your body, it is the best thing that you can do for yourself. It is the easiest clearing. It is the simplest way for you to clear your energy field – clear your auric field.

Let it expand to your aura and then imagine that you are always, always, always standing with Sanat Kumara in front of you to the left, St. Germain in front of you to the right. Breathe and bathe their energies and their Light. Breathe and bathe the Purple, the Fuchsia Pink and the Magenta that they make. Then bring to your own attention that there are six layers of Angelic Forces protecting you.

There is no reason for you to become hopeless. If you put this Grid on every morning as you awaken. It takes two minutes. And if you put this Grid on every night as you sleep, there will be no hopelessness. There will be no lowering of energies. You will be feeling so light, so joyful, and so hopeful that you would wonder what happened to you.

Do this in the morning. Do this at night.

When you do it at night when you go to bed, it will clear your auric field. It will clear your energy. It vibrates you to a higher vibration. It helps you to go to Higher Realms in dreamtime. When you do it in the morning, it elevates your energy so little chaotic energies – pockets of chaos and confusion – pop open instead of catching you and grabbing you and lowering your vibration. They pop open and get transmuted before contacting with you. Because these six layers of Angelic Beings are sending their Light, your path becomes cleared. Then the Angelic Forces of the Four Directions can do their work. The Silent Watchers do their work.

Goddess of Victory is holding her Torch and her Scepter above your head – above St. Germain's head – above Sanat Kumara's head. The Great Silent Watcher is throwing her Bubble of Turquoise Blue Light. Ultimately, everything is held inside of a Turquoise Blue Light Bubble.

Remember this. We will have the bullet points of this meditation so that you can read it once, twice, three times. After you have done that, it becomes easy.

- You are standing with St. Germain and Sanat Kumara.
- Behind each of you is a huge towering presence of Goddess of Victory with one hand holding her Scepter. The other hand holding her Torch.
- You are cocooned in the energies of Sanat Kumara and St. Germain. Three layers – Purple on the inside – Magenta in the middle – Fuchsia Pink on the outside.
- Then three layers of Angelic Forces are sending you their Light. Angelic Forces of Violet Light sending you Lilac. Angelic Forces of Violet Ray sending you Purple Pink. Angelic Forces of Violet Flame sending you Purple Blue.
- Then three layers of Goddess of Victory's Angelic Forces. One layer holding their Scepter. One layer holding their Torch. The last layer holding both.
- Then the Angelic Forces of the Four Directions – Uriel in the North, Raphael in the East, Michael in the South and Gabriel in the West.
- Each of them has a triangle around them made of three Silent Watchers – enormous Beings towering over.
- And then that entire Grid is inside of a Turquoise Blue Bubble.

How long did it take us? No more than two minutes. If you forget to do this in the morning as you leave home, the moment that you get to where your destination is and you remember it, put it on. If you are driving in your car – if you are walking to your work – if you are taking the train – if you are sitting at home – if you are sitting behind your desk – it doesn't matter where you are when you put it on.

- The grounding first – the grounding with the Amber Light
- The Grid of Light

- The Bubble of the Great Silent Watcher
- Then the connection that you make with St. Germain and Sanat Kumara.
- Then the intention that you are the Spearheads for the anchoring of the energies of Violet Flame, Violet Ray and Violet Light helping St. Germain to accomplish his task to bring back Divine Order.
- You are carrying the energies of Sanat Kumara's Signature Energy in Fuchsia Pink and Magenta Pink Light helping Sanat Kumara to return to Earth – for the Planetary Logos to vibrate his own energy for the raising the vibration of Earth and all souls.
- You are helping Divine Mother to bring the Breath of Life – to give life to every human being, to every creature and to bring each creature into integrity, to release the greed, to release the fear, to release the hopelessness.

You know, people who are greedy are doing this because they are in fear. People who are wasteful are doing this because they are in fear. When you give them the Light they need – when you give them the Love they need, they will stop the greed. They will stop the fear. They would stop the waste. And then we can grow together.

First and foremost, I want you to begin to feel joyful. I want you to feel that all of this is happening for a good reason. I want you to feel that you are fully protected in the bosom of Divine Mother – fully protected in the Wings of the Angels – fully protected by the Power of Goddess of Victory – fully protected by the Immense Power of the Great Silent Watcher.

I hold you in my own heart and I will walk with you every step of the way and I will breathe the Breath of Life into your heart until I see you victorious.

So it is. It is done. Amen
